Lippincott

FLOWER SEEDS

Miss
C.H. Lippincott,
MINNEAPOLIS, MINN.

PLEASE READ FOLLOWING SUGGESTIONS CAREFULLY

FREE PREMIUM 30 CENTS' worth of seeds extra allowed on all orders amounting to ONE DOLLAR; 15 CENTS' worth on all orders amounting to 50 CENTS. This liberal premium is the same as 30 per cent. discount, but must be selected in seeds, and order for premium must accompany original order for seeds.

MAKE OUT A LIST OF FREE PACKET SEEDS, AND REMEMBER THAT ONLY SEEDS IN PACKAGES CAN BE SELECTED FREE—NOT BY THE OUNCE, ONE-FOURTH POUND, OR COLLECTIONS. NO FREE SEEDS WITH GRASS SEED, FERTILIZER, RUBBER MITTENS, TOBACCO SOAP OR PLANTS.

BEAR IN MIND I cannot allow plants to be selected as premiums on seeds, neither can I allow premiums to be selected on plants or Rose orders: I am offering them at such an extremely low price to introduce them to my patrons, to add a premium is simply impossible. Plants and roses will be shipped as soon as weather will permit.

HOW TO REMIT MONEY Always send money by one of the following methods: POST-OFFICE ORDER, EXPRESS MONEY ORDER, REGISTERED LETTER, or BANK DRAFT, and if the order is lost or stolen, your money is safe. I ESPECIALLY REQUEST MY CUSTOMERS TO REMIT MONEY IN THIS WAY and I will allow you to select seeds to the cost of the Money Order, Registered Letter, or Draft, PROVIDING YOUR ORDER AMOUNTS TO 50 CENTS. Do not send postage stamps, unless you have no other way of remitting amount; and when you do, two-cent denomination preferred. If money is sent in any other way than specified above it is at the risk of the sender. As all banks now charge exchange, please add 10 cents extra to all personal checks.

ERRORS. While we exercise the utmost care in filling orders, always doing a little more than we promise, during the very busy season errors will sometimes occur, and when such is the case we should like to be notified at once and will make satisfactory corrections at once.

POSTPAID. All seeds sent postpaid and safe arrival GUARANTEED. All orders received to the amount of \$1.50 and upwards will be forwarded by REGISTERED MAIL to purchaser's address, which costs me 8 cents extra, but insures the safe arrival of your seeds. PLEASE SIGN YOUR NAME AND FULL ADDRESS ON EACH AND EVERY LETTER YOU SEND.

QUANTITY OF SEEDS IN A PACKET. Customers will please note I state number of seeds in a packet, which will enable those wishing to plant borders and beds of a certain length or size to calculate the number of packages required. FULL COUNT GUARANTEED. No less quantity than a package can be sold.

FLORAL CULTURE. Containing full cultural directions and points how to grow flowers from seeds, mailed free with every order.

Please be careful to sign your *name* and *full address* on each and every order you send.

THE PIONEER SEEDWOMAN OF AMERICA.

January 1st, 1909

SEEDS OF INTELLIGENCE.

MISS C. H. LIPPINCOTT

New varieties are carefully described and may be relied upon for exquisite beauty and novelty.

How can you know when you are getting the choice seeds and when the cheap?

Not by the looks, for not even an expert can absolutely judge the quality of seed from looks.

There is one way, though, that is absolutely safe—one way that will enable you to know you are planting the best seed obtainable. That is, to get your seed from me. I will not send out anything but the best. I might make more money if I did, but we—my mother, my sister and I—are engaged in this business for pleasure as well as profit, and we enjoy the satisfaction of knowing that in every packet of seed we send out, we are inclosing just so many grains of pleasure for somebody else—grains of pleasure which shall grow into luxuriant plants of satisfaction.

My own mother opens every order received and her keen interest in your every word is reflected in every department where, with intelligence and dispatch, your orders are filled.

I want our patrons to know us, and to feel that we are working, with them, to prove that Americans understand the importance of beautifying home and country and that they have the artistic talent to realize their ideals.

But seeds which disappoint are discouraging—put back your efforts a whole year.

Let us help you—with reliable seed, and with our suggestions if you wish them.

And may I ask you, should you receive more than one copy of the little catalogue, to pass it on to another flower lover? We want to help all, just as badly as we want all to help us.

Thanking you for your past good orders, and hoping to serve you in the future,

I am yours, for intelligent flower gardens,

CARRIE H. LIPPINCOTT,

Minneapolis, Minn.

New Giant Comet Aster.

The plants of this new variety are perfectly true in character, growing twelve to fifteen inches high and covered with large double flowers, as shown in the illustration. The flowers measure from 3½ to 4½ inches in diameter, resembling in shape and artistically curved and twisted petals, the finest Chinese Chrysanthemums. Mixed colors.

Pkt., 150 seeds, 5 cts.

- Giant Comet—Pure white. *Pkt., 100 seeds, 5 cts.*
- Giant Comet—Deep scarlet. *Pkt., 100 seeds, 5 cts.*
- Giant Comet—Light blue. *Pkt., 100 seeds, 5 cts.*
- Giant Comet—Pure lilac. *Pkt., 100 seeds, 5 cts.*

Harlequin Aster.

The striking Aster of great beauty, upright habits and a profuse bloomer. This new race produces odd flowers of the most handsome and attractive appearance, which continue in bloom a long time. In the gardens of Paris they are considered the most valuable of all varieties on account of their long duration in bloom and remarkably bright and conspicuous colors. Composed of pure white petals, quaintly interspersed in irregular manner, with deep blue and bright red petals.

Pkt., 150 seeds, 5 cts.

Hohenzollern Aster.

Ostrich Feather type of Asters. Much larger than the Giant Comet, the petals longer and more curled and twisted, and produced in greater abundance. Borne on long stems which make it very desirable for cut flowers. Mixed colors.

Pkt., 100 seeds, 5 cts.

The Cornflower Aster

Stokesia Cyanea.

This is one of our most charming and beautiful native hardy plants. The plant grows from 18 to 24 inches high, bearing freely, from early July until frost, its handsome lavender-blue Centaurea-like blossoms, each measuring from 4 to 5 inches across. It is of the easiest culture, succeeding in any open sunny position, and is not only desirable as a single plant in the mixed hardy border but can be used with fine effect in masses or beds of any size.

Pkt., 100 seeds, 5 cts.

Miss Clara H. Bodishin, Pardoe, Penna., July, 1908, writes: The Coleus seed that I got from you was the finest I ever saw. I had a great round bed of them from a five cent package, and they were all kinds; all the other flowers did so well.

**PERFECTION
ASTER**

Perfection Aster.

One of the most perfect and deservedly one of the most popular of all Asters; very double, large and beautiful flowers, with incurved petals; height, eighteen inches to two feet; nearly thirty distinct colors, mixed.

Pkt., 150 seeds, 5 cts.

Perfection—Snow white.

Pkt., 100 seeds, 5 cts.

Perfection—Pink Ball.

Pkt., 100 seeds, 5 cts.

Perfection—Crimson Ball.

Pkt., 100 seeds, 5 cts.

Perfection—Purple.

Pkt., 100 seeds, 5 cts.

Mrs. Mable Rufe,
Roavn, Ind. Mar. 24-08,
remarks: Your seeds
have given good satis-
faction; one can always
count on them growing.
I like the way you put
your seed up, and
believe yours is the
cheapest flower seed
house in existence.

New Yellow Aster.

The form of the double flower is a perfect ball; the quills are close together and of the brightest sulphur yellow, not a mere indication of the color, as in all former productions. The border petals are broad and of a lighter tint, seeming to enclose the flower like an old-fashioned bouquet paper. The flowers are borne upon long, erect stems, excellent for cutting. Plants, twelve to fifteen inches high, are of compact, hardy growth, and most abundant bloomers.

Pkt. 150 seeds, 5 cts.

New White Branching Aster.

The magnificent, large, double, white flowers, quite four inches in diameter, are borne on long stems making them excellent for cutting. Pkt., 150 seeds, 5 cts.

Feb. 25, 1908.

Miss C. H. Lippincott:

We have planted your seed for several years and they have always given satisfaction. My Asters, Scabiosas and Phlox are always admired by all.

Mrs. J. W. DuBois,
Bridgeton, N. J.

ASTER NEW VICTORIA

Magnificent flowers, massive and showy, with regular overlapping petals clear to the center. The flowers measure four inches and over across, and are of rich and varied colors. The plants grow very evenly, pyramidal in form, about eighteen inches high, and carry from twenty-five to forty flowers. Over twenty colors, mixed. *Pkt., 150 seeds, 5 cts.*

VICTORIA—Snow White,

VICTORIA—Bright Pink.

VICTORIA—Dark Crimson.

VICTORIA—Lavender Shade.

Pkt., 100 seeds, 5 cts.

Aster, New Japanese or Tassel.

The beautiful flowers of this new strain of Asters offer a most striking contrast with those of any other variety. They are of immense size, measuring from five to six inches across, with long petals curiously waved and curled, so as to give them a striking resemblance to the Japanese Chrysanthemums. They grow fourteen to fifteen inches high, and are well branched and produce a number of enormous flowers. Colors, flesh and pink.

Pkt., 150 seeds, 5 cts.

Mrs. Sydney W. Pettes, W. Brome, Que., Canada, May 13, 1908. My Roses and Rex Begonias that I got from you are doing nicely. I always like sending for seeds or plants from you, for I am always sure I will get them.

Miss Lippincott

Mrs. Joe Ellis, Cansville, Ky., Feb. 28, 1908, writes: I had the most beautiful Sweet Peas last summer from the seeds I got from you; I never saw so many colors in one small bed.

Aster, Fire King.

The most brilliant Aster ever introduced

And the nearest approach to scarlet yet obtained; a color previously unknown in this popular flower, which, for an autumn show of flowers, few others equal. Habit very compact, not more than 12 inches in height, with large, beautifully incurved flowers, and makes a charming companion to "Snowball."

Pkt., 150 seeds, 5 cts.

Aster, Snowball.

A most distinct and handsome variety, equally valuable for pot culture and cut flowers.

It is a most profuse bloomer, a single plant often producing as many as twenty-five to thirty pure, snow white flowers, globular in form and of extraordinary size.

Pkt., 150 seeds, 5 cts.

Dongola, Ill.,
March 16.
Miss Carrie H.
Lippincott:

I missed getting your catalogue last spring, so I enjoy it this year. I have had some of the most beautiful flowers from your seeds. They are the best. I say get your seeds from Miss Carrie.
Sarah F. Ridge.

Asters, Good Mixed.

Many bright colors. Pkt., 100 seeds, 3 cts.

One Packet Each of the Entire Collection of Asters, (29 Pkts.) for \$1.20.

Anchusa Capensis, or Cape *Forget-Me-Not.*

A hardy annual of more than ordinary beauty. It grows about two feet high, branching freely and bearing a profusion of the most lovely flowers, similar in all respects to the Forget-me-not, though the blossoms are much larger and of finer color. It is always taken for a beautiful, large-flowering Forget-me-not, and for bouquets and cut flowers it is indeed superior to it. Its color is a deep, clear, brilliant blue with a pure white eye; one of the rarest and most lovely shades of that color. It blooms early and continues all summer.

Pkt., 200 seeds, 5 cts.

*Mr. B. McClellon,
Williamston, So. Car.,
Mar., 1908. Your sweet
peas and pansies did
well last year. I speak
a good word for your
flower seeds.*

Alyssum, Little Gem.

The plants are very dwarf. Each spreads so as to completely cover a circular space twelve to twenty inches in diameter. They soon become one mass of white, remaining in full bloom from spring to fall—being densely studded with the beautiful miniature spikes of deliciously fragrant flowers.

Pkt., 300 seeds, 5 cts.; oz., 30 cts.

Alyssum, Saxatile Compactum.

Showy, golden-yellow flowers, hardy perennial, blooms the first season; excellent for rock work.

Pkt., 200 seeds, 5 cts.

Alyssum, Sweet.

Its pure white, fragrant flowers are produced from early spring until killed by frost; very useful in all kinds of bouquets.

NOTE—For a cemetery plant, nothing is more suitable than *Sweet Alyssum*—requiring but little care and attention and being a continuous bloomer throughout the summer.

Pkt., 300 seeds, 5 cts.; oz., 25 cts.

Alyssum, Little Gem.

**Antirrhinum,
Tom Thumb, Snapdragon,**

Very dwarf, growing only eight inches high, thickly studded with beautiful spikes of gay colored flowers, orange, scarlet, rose-white; maroon, striped, etc. *Pkt., 500 seeds, 5c.*

**Antirrhinum,
New Giant.**

Flowers double the size of the older sorts, more closely set on the stems, and colors more clear and brilliant. Plants very compact and bushy, growing about twelve inches high. All colors, mixed. *Pkt., 400 seeds, 5 cts.*

**Antirrhinum,
Queen of the North.**

The finest and most beautiful of all the *Snagdragons*. The plants grow into handsome, regular bushes, twelve inches high, covered with large white flowers of a deliciously sweet perfume. Suitable for bedding or pot culture. *Pkt., 400 seeds, 5 cts.*

Acroclinium, Everlasting.

One of the most beautiful and valuable of the everlasting flowers, called by some "Pink Daisies"; very effective in borders during the blooming seasons, and possessing the additional advantage of being available for winter decoration, for which purpose it is now extensively grown. The densely double flowers are faultless, both in shape and color; the flowers are somewhat larger than the single, and from the seed I offer above 75 per cent. will be double. *Pkt., 100 seeds, 5 cts.*

Asparagus Sprengeri.

Highly praised everywhere; handsomest seen drooping from a pot or basket. Sprays four to six feet long, of fresh, green, feathery foliage; useful for bouquets, wreaths or sprays, remaining perfect for weeks after cutting. Grows freely the whole year round; extremely valuable for all purposes. Flowers white, followed by red berries. *Pkt., 15 seeds, 10 cts.*

Asparagus, Plumosus Nanus.

This graceful climbing Asparagus has foliage finer than that of the most delicate fern, and will last for weeks after being cut. It is an excellent house plant, succeeding under almost any conditions. *Pkt., 10 seeds, 10 cts.*

Ageratum, Imperial Dark Blue.

A plant that blooms continuously all summer in the garden and makes a pleasing contrast of color with more brilliant varieties. I offer seed of the new *Imperial Dark Blue* as the best and most showy.

Pkt., 300 seeds, 5 cts.

Ageratum, Dwarf White.

Very dwarf and compact; pure white.

Pkt., 300 seeds, 5 cts.

Arabis Alpina.

The pure white flowers grow so uniformly and thickly that it gives the effect of a sheet of snow. Plants perfectly hardy. The earliest, prettiest, spring flower. The spreading tufts are densely clothed with neat, lively green leaves and covered with pure white flowers of the most lovely effect, conspicuous at a great distance, especially in large masses on rockeries or broad edgings for park roads, having the advantage of braving the greatest drought during summer and always looking neat.

Pkt., 400 seeds, 5 cts.

Nettie Reinbold, San Antonio, Texas, Aug. 25-08. I enclose 10 cts. for another package of Royal Show Pansies. I never had as much pleasure out of 10 cts. before in my life. My pansies last year were simply covered with bloom from Dec. until the 1st of Aug.

Achillea.

Plumica—(Double White Yarrow.) One of the best hardy white perennials in the list. Grows about two feet high, and from spring till frost is covered with heads of pure white double flowers. A grand plant for cemetery decoration. Easily grown from seed, flowering the first season if sown early. *Pkt., 300 seeds, 5 cts.*

Abutilon.

Flowering Maple.

A very popular perennial shrub, with bell-shaped drooping flowers, well adapted to house culture, easily raised from seed, and if sown before April, under glass, plants will bloom the first season. For winter flowering, plant in September. Finest mixed.

Pkt. 30 seeds, 5 cts.

Miss E. Meredith, Dodds-ville, Miss., Apr. 9, 1908. I used your flower seed last year and think them fine.

Crab's Eye Vine.

Abrus Precatorius

A most beautiful climber, either for pot culture or the open ground in summer; bears clusters of bright yellow flowers, followed by bunches of pods, which, when dry, burst open, disclosing brilliant red seeds with black eyes, used for making beads and other ornaments, for which purpose they are exceedingly pretty. *Pkt., 15 seeds, 5 cts.*

Clearfield, Ia., March 31, 1908.

Miss C. H. Lippincott,

Minneapolis, Minn.

Dear Madam:—I have used your seeds for a number of years and have always had splendid success.

Yours truly, Hazel Crawford.

Angel's Breath, or Gypsophila.

An annual that should be in every garden, for it thrives everywhere, and furnishes the loveliest material for all kinds of bouquets. The tiny little flowers are borne in abundance on long, graceful, branching stems which lend a most graceful, light appearance to any bunch of flowers.

Pkt., 300 seeds, 5 cts.

Aquilegia, or Columbine.

Very handsome, ornamental, hardy perennial plants of easy cultivation and bearing in profusion large flowers of novel shape and in a great variety of colors. Double mixed. *Pkt., 300 seeds, 5 cts.*

Ambrosia.

A hardy annual with long spiral stems, bearing an abundance of small, round greenish-yellow buds and blossoms which are exceedingly fragrant. It is as desirable as the Rose Geranium as a plant with fragrant foliage, and for making up into bouquets and other floral work. Its long, beautiful, fringed spirals of lovely green are unsurpassed. It is one of the easiest plants to grow, and seed may be sown early in open ground. *Pkt., 400 seeds, 5c.*

Begonia.

Begonia—Tuberous rooted, single mixed. Seed saved from finest colors. Pkt., 100 seeds, 10 cts.

Begonia.—Tuberous rooted, double mixed, from the finest and best colors. Pkt., 100 seeds, 12 cts.

Begonia Vernon.

One of the most satisfactory pot plants for the house, and a popular bedding plant for the garden or lawn. It blooms with the greatest profusion throughout the summer. Flowers a brilliant orange-carmine with bright yellow centers, and the foliage waxy and glossy. It is easily raised from seed, and comes absolutely true. Valuable for bedding and general culture.

Pkt., 300 seeds, 5 cts.

25c
PER PAIR
RUBBER
MITTENS
For Gardening

Begonia Rex.

Beautiful foliage, justly celebrated as the finest of ornamental pot plants, superb large leaves, of exquisite and rich coloring. Pkt., 50 seeds, 15 cts.

Defiance Balsam, Lady Slipper.

The most perfect in form and largest double-flowered Balsam yet developed, and by careful growth and selection, has attained a standard that will be found hard to improve. *The mixture* which I offer is composed, in nearly equal proportions, of eight colors: rose, rose-white spotted, pink, scarlet, white-tinted violet, white spotted, scarlet white spotted and purple; each having been grown separately.

Pkt., 75 seeds, 5 cts.

Balsam, Good Mixed.

A splendid strain, good colors and large double flowers; not equal to "Defiance," but gives good satisfaction. Pkt., 50 seeds, 5 cts.

Mrs. Calvert G. Scobell, Chihuahua, Mexico, Feb. 6, 1908.
I have taken great pleasure in telling my friends of my success with your seeds.

BEAN.

SCARLET RUNNER.

A Favorite Old-Fashioned Climber.

One of the very few beans that are both ornamental and useful. It grows rapidly to a height of 10 to 12 feet, and is covered from July until heavy frost with clusters of beautiful scarlet flowers.

Pkt., 12 seeds, 5 cts.; pt., 20 cts.; qt., 30 cts.

Balsam Apple.

A beautiful climbing plant with apple-shaped fruit, which, if preserved in alcohol, make a most useful liniment. *Pkt., 25 seeds, 5 cts.*

Bear in mind August is the best month for starting your Perennials and a few of them are always an addition to your garden.

Mt. Pleasant, Mich., Feb. 29, 1908.

*Miss C. H. Lippincott,
Minneapolis, Minn.*

Dear Madam.

I am sending for a small order of seeds so thought I would enclose a line to let you know how the seeds matured that I sent for a year ago. The Geraniums grew splendidly. I have seven beautiful plants. The Pansies grew and blossomed profusely all summer. With the Fuchsia seeds it was the reverse. I was unable to get the seeds to grow. Am going to try again this year as I am very anxious to secure some seed specimens.

*Wishing you success, I am,
Respectfully yours, Mrs. M. W. S. Townsend.*

Bachelor's Button

Bachelor's Button, Double.

It has been so perfected that fully 80 per cent of the flowers are double and semi-double; are also increased in size and present many bright colors and distinct markings which have hitherto been unknown in this old-fashioned favorite flower. *Pkt., 75 seeds, 5 cts.*

Bird of Paradise,

Poinciana Gillesi.

The color of the flower is a golden yellow, measuring two and a half inches across, with shape as shown in illustration, and it is produced in very large trusses. The most beautiful part of the flower is the large pistils which are spread out in fan-like form, and are of bright crimson color. The foliage is also highly decorative, reminding one of a very delicate Acacia. If the seed is sated early, it will produce blooms in great profusion the first year.

Pkt., 15 seeds, 8 cts.

Canterbury Bells.

Cineraria, Hybrida.

One of the most popular of all greenhouse plants, and what a splendid display they make when well grown. I know of no plant so easily grown as the Cineraria. The secret of growing well is to grow fast, never allowing them to receive a check, either from being pot bound, dryness of root, or attack of insects; the cooler they are kept the better. In colors they range from crimson, magenta, violet, purple and variegated. Large flowering mixed.

Pkt., 200 seeds, 8 cts.

Panguitch, Utah, Apr. 4, '08.
Miss C. H. Lippincott.

Dear Madam:—We were so well pleased with the poppies grown from seed from your catalogue, that we must have some more. Last year we had a beautiful bed of poppies, of all colors, and blooms as large as a quart bowl.

Yours, lover of flowers,
Mrs. Tillie Clark.

Canterbury Bells.

Campanula Media.

Calycartha (Cup and Saucer Canterbury Bells). This is unquestionably the finest type of this old-fashioned and much prized garden plant. The increasing demand has induced us to offer it in separate colors as well as in mixture.

Rose—Delicate rose-pink,
Pkt., 200 seeds, 10 cts.

Blue—A fine, clear shade.
Pkt., 200 seeds, 10 cts.

Striped—White striped blue,
Pkt., 200 seeds, 10 cts.

White—Pure white.....Pkt., 200 seeds, 10 cts.

Finest Mixed—All colors of the
Cup and Saucer type, Pkt., 400 seeds, 5 cts.
One packet each of the 4 colors of Cup
and Saucer Canterbury Bells, 30 cts.

Canary-Bird Flower.

Tropaeolum Canariensis.

One of the most beautiful annual climbers, with bright green foliage, delicately cut and very ornamental. The flowers are bright golden yellow, bearing a fanciful resemblance to birds with expanded wings. Succeeds best in a cool, slightly shaded situation; also does well as a pot or basket plant for the window or conservatory.

Pkt., 30 seeds, 5 cts.

Lewiston, Me., Aug. 31, 1908.

Miss Lippincott:

The seeds I bought of you last year have given great satisfaction. Have cut one or more bouquets from the Nasturtions nearly every day this summer. Yours truly, Mrs. L. E. Beal.

Centrosema Grandiflora.

A hardy perennial vine which will bloom in June or July from seed sown in April, and bears in the greatest profusion inverted, pea-shaped flowers from $1\frac{1}{2}$ to $2\frac{1}{2}$ inches in diameter, ranging in color from a rosy-violet to a reddish purple, with a broad, feathered white marking through the center, while the large buds and backs of the flowers are pure white, making it appear as if one plant bore many different colored flowers at one time.

Pkt., 50 seeds, 5 cts.

Coccinea Indica.

A remarkably pretty climber. Ivy-like foliage, bright and luxuriant, never troubled with insects, and adapted for trellises, arbors, etc. The small flowers are soon followed by numerous fruits two inches long, which turn to brilliant scarlet, spotted with white, rendering the vines very pretty.

Pkt., 25 seeds, 5 cts.

Onawa, Ia.

Miss C. H. Lippincott,

Minneapolis, Minn.

Dear Madam;—Enclosed you will find one dollar to pay for the accompanying order for seeds. My order is a little late this year but I trust you can fill it satisfactorily.

Your seeds have always been a success for me.

Yours truly,

Mrs. A. Kindall.

MARGUERITE CARNATION

A magnificent class of Carnations that will bloom in four months after sowing the seed. They are without exception the most abundant bloomers of all the "Pinks." The flowers are of brilliant colors, ranging through many beautiful shades of reds, pinks, whites, variegated, etc. It is a most valuable acquisition, as Carnation flowers can be had all summer and winter, if consecutive sowings are made.

Pkt., 100 seeds, 5 cts.

Carnations, Perennial Varieties.

Indispensable plants for both pot culture in the greenhouse and window garden, and open ground culture in summer; of innumerable colors and delicious perfume. The plants may be set in the open ground during the summer, where they will flower as profusely as when grown in pots in the house. Half hardy perennials.

Double Mixed—Producing many double flowers of all shades and colors. Pkt., 100 seeds, 8 cts.

Extra Fine Double Mixed—Seeds saved from the finest and choicest German, French, Italian and English stocks. Pkt., 100 seeds, 10 cts.

Grenadin Scarlet—Very early, habit dwarf and compact, brilliant double scarlet flowers.

Pkt., 100 seeds, 10 cts.

Grenadin White—Double, early flowering, white.

Pkt., 100 seeds, 10 cts.

Calceolaria, Hybrida.

Favorite and universally admired plants, remarkable for their large, beautifully spotted blossoms which are very showy, and from which an almost countless number of hybrids have been raised. They are perennial, are grown in pots in the conservatory, greenhouses and gardens. Mixed colors. Pkt., 200 seeds, 10 cts.

Candytuft, Giant Empress.

A magnificent variety, with enormous, flattened heads of large, pure white florets. Good stems. Pkt., 200 seeds, 5 cts.

Candytuft.

Hardy Perennial, Sempervirens.

A profuse blooming, white, hardy perennial, coming in flower early in the spring. Much used for cemeteries, rockeries, etc. 1 foot. Pkt., 200 seeds, 6 cts.

Candytuft, Snow Queen.

A valuable and distinct species of great beauty. It is an annual variety and grows very rapidly, quickly coming into bloom and remaining in full flower for about three months. It bears but little foliage, and the mass of white produced makes it useful for borders. Pkt., 300 seeds, 5 cts.

Candytuft, Mixed.

All colors. Pkt., 400 seeds, 5 cts.

Calendula, Double Yellow.

Flowers extra large and very double, slightly imbricated, while those of the center are incurved like the petals of a Peony. Color, bright golden yellow or orange. From seed sown in the open ground it comes into flower early. Pkt., 150 seeds, 5 cts.

Cypress Vine.

A most beautiful vine, with delicate, fern-like foliage and beautiful, star-shaped, rose, scarlet and white flowers. Seed very slow to start growth. All colors mixed. Pkt., 50 seeds, 5 cts.

Cockscomb, Queen of Dwarfs.

This is the best dwarf-growing Cockscomb; the plants grow only about eight inches high, are firmly set in the crown with well-balanced, large heads, ten to twelve inches across. They grow very uniformly and present an unusually solid effect in color, which is rich, ruby red, of extreme brilliancy. Pkt., 200 seeds, 5 cts.

Coleus.

One of the best known and most universally admired ornamental foliage plants, in an endless variety of colors and shadings, indispensable for ribbon and carpet bedding, or as single specimens. Coleus seed germinates easily, and success is as sure as with an ordinary annual. Pkt., 300 seeds, 5 cts.

Swayzee, Ind., Mar 9, 1908.

Miss C. H. Lippincott:
Dear Madam: For several years I have used your seeds, and have found them satisfactory in every way.
Yours truly,
Miss Millie B. Green.

Coleus

Centaurea Imperialis.

Centaurea Imperialis is of the easiest culture and flowers continually from early spring until fall. Flowers are double the size of Centaurea Marguerite, of various tints and colors, pure white, lilac, rose, purple and dark red, supported on long stems, which renders them very desirable for cut flowers and cor-àge bouquets. They have the same delicate odor and form as the Centaurea Marguerite. Mixed colors. *Pkt., 75 seeds, 6 cts.*

Centaurea Marguerite.

The most fragrant and longest keeping cut flower. The flowers are the size of a medium Carnation, freely produced on long stems, which renders them valuable for cutting; colors pure white, pale sulphur-yellow and lavender. The flowers are sweet-scented, and their lasting quality after being cut is remarkable. The plants grow about eighteen inches high and are of the easiest culture; from spring-sown seed they commence to flower in July and continue until late in the autumn. The novelty is entirely distinct from all other Centaureas, and is undoubtedly the most beautiful variety known. Mixed colors.

Pkt., 100 seeds, 5 cts.

New Double Calliopsis.

A handsome double variety, flowers of a rich golden yellow color, with wine-maroon spots.

Pkt., 200 seeds, 5 cts.

Calliopsis or Coreopsis Single.

Very handsome and showy plants of the easiest culture, require no care and thrive in any garden. Produce flowers in nearly every shade of yellow, orange, crimson, red, brown. It is one of those flowers which will grow in any situation and always will be greatly admired. Mixed colors. *Pkt., 300 seeds, 5 cts.*

Calliopsis, Lanceolata. Perennial.

Graceful and profuse blooming plant, with large, striking flowers of a brilliant golden yellow. Remains in bloom all summer. Its long wiry stems fit it admirably for bouquet making. Its golden cloud of blooms, far above the foliage, makes it a capital bedder.

Pkt., 200 seeds, 5 cts.

Mrs. S. W. Nichols, Ardmore, Okla., Oct. 19, 1908. I have such lovely Geraniums in bloom now from seeds bought from you.

Sulpho Tobacco Soap.

A Wonderful Insect Pest Exterminator. Unsurpassed for quickly exterminating all insect life on plants and flowers in and out of doors. Excellent for rose bushes, shrubs, etc. This popular insecticide never fails to give satisfaction, and is cheap, effective, clean, harmless, and non-injurious to the tenderest growth. It also acts as a valuable fertilizer, reviving plant life. For domestic purposes it rids the house of cockroaches, and is a superior wash for dogs and all animals. Prevents poultry lice. A trial will give highly gratifying results. 3-oz. cake, sufficient for 1½ gallons prepared solution, mailed postpaid 13 cts. 8-oz. cake, sufficient for 4 gallons prepared solution, mailed postpaid 28 cts.

Clematis, *Paniculata*.

Japanese Virgin's Bower Perennial.

This is one of the really good hardy climbers. The leaves are of a bright, glossy green, and when in bloom it astonishes with the quantity of flowers, the plant being completely hidden beneath a blanket of white, hawthorne-scented blossoms; a grand plant for piazzas, fences, in fact any position where a climber is wanted. It is just the thing for covering terraces and embankments; does equally well in sunshine or shade, and stands unruined as a plant for the cemetery. Soak the seed in warm water for twenty-four hours before sowing.

Pkt., 50 seeds, 8 cts.

Cyclamen, *Persicum*.

Well-known bulbous rooted plants, universal favorites as pot plants for winter and spring blooming, producing handsome red and white flowers, with beautiful variegated foliage, in different shades of green. The seed should be sown in the spring, and by autumn will produce a bulb which will blossom the following spring. Mixed.

Pkt., 25 seeds, 5 cts.

Cyclamen, *Giganteum*.

Flowers of extraordinary size, and of great substance. The leaves are proportionately large, and beautifully marked.

Pkt., 25 seeds, 8 cts.

Cleome *Pungens*,

The Giant Spider Plant.

A robust plant growing vigorously 4 to 5 feet high, unaffected by wind or weather, and flowering profusely and continuously for months. The flowers are very showy, bright rose color; growing freely from seed sown in the open ground, thrives luxuriantly, and blooms all summer, no matter how unfavorable the season may be. It is also one of the best honey producing plants, and should be planted liberally by all bee-keepers. Pkt., 200 seeds, 5c, oz., 25c.

Crozy's New Dwarf Cannas.

One of the most popular of bedding plants, while even single specimens are most attractive in the garden. They will bloom the first year from seed, if you soak them in boiling water over night; sow singly in small pots as soon as convenient and grow as rapidly as possible. The roots can be kept in the cellar over winter and each clump will give six to eight good roots for planting out the following spring. Pkt., 15 seeds, 5 cts.; oz., 25 cts.

Cannas, Tall---Old Type.

A mixture of all the best tall growing varieties.

Pkt. 15 seeds, 5 cts.; oz., 25 cts.

LIST OF PLANTS

See FLORAL CULTURE, a copy of which will be sent free on application. Make order for plants on separate sheet of paper from seed order, and address to

MISS LIPPINCOTT.

Chrysanthemum, or French Marguerites.

Annual variety much grown for cut flowers. The plants grow twelve to eighteen inches high and produce on long stems beautiful large flowers of many bright colors. They flower all summer in the garden, and make elegant pot plants for winter flowering.

Pkt., 200 seeds, 5 cts.

Chrysanthemum, Inodorum Plenissimum.

Although a perennial, it flowers abundantly the first year from seed, each plant producing hundreds of beautiful, perfectly double, snow-white flowers unsurpassed for bouquets. It remains in bloom all summer, and is in all respects one of the handsomest and most valuable of flowers. *Pkt., 200 seeds, 5 cts.*

Chrysanthemum, Fancy Perennial.

From the best Incurved, Pompone, Japanese, Chinese and Anemone-flowered varieties, Seed sown in the hot-bed in February or March or even April, will give plants that bloom in August or September, and cannot fail, with proper care, to give magnificent flowers in a wonderful variety of colors and forms.

Pkt., 200 seeds, 10 cts.

Sitka, Alaska.

Dear Miss Lippincott:

I sent for flower seeds to you last spring and they did so well that I am going to try your "plants" this year. I am sending an order for some Roses, hope they will do as well as the seeds did. I have tried those same plants many times before "from other firms" but they all died, but I sincerely wish that yours will thrive in Alaska.

Wishing you all the success in the world, I remain,

Mrs. F. Guertin.

New Early Blooming Cosmos, Dawn.

This beautiful new strain produces abundantly well-formed lovely flowers of large size; pure white, pink and crimson in color. It can be had in bloom from July to November and grows freely everywhere. *Pkt., 100 seeds, 5 cts.*

Cosmos Hybridus.

Seeds sown in April or May and transplanted to open ground will produce plants 5 or 6 feet high by September and from then until November will be covered with hundreds of blossoms, three inches across, resembling single Dahlias. All colors mixed. *Pkt., 100 seeds, 5 cts.*

Cosmos, White Pearl.

Large, pure white flowers; very valuable for florists. *Pkt., 100 seeds, 5 cts.*

Cosmos, Pure Pink.

Beautiful large flowers, of clear, delicate pink color. *Pkt. 100 seeds, 5 cts.*

Cosmos, Crimson.

Large, beautiful crimson flowers. *Pkt., 100 seeds, 5 cts.*

Cobaea Scandens.

A beautiful, large, bell-shaped flower, green at first, but rapidly changing to a beautiful deep violet-blue. A well established plant will run 30 to 40 feet a season. *Pkt., 20 seeds, 5 cts.*

Belle Rive, Ill., March 12, 1908.

Dear Miss Lippincott:

I was more than pleased with my seed I received of you last spring. My flowers bloomed all summer, and my pansies were admired by all my friends. Wishing you success.

*Yours truly,
Miss Pearl Topping.*

The Blue Daisy, *Agatheae Coelestis.*

The flowers are the very counterpart of the Paris Daisy, which is sky blue with a yellow disc. It makes a very pretty object for summer decoration in the flower garden; of easy growth and the plant may be had in flower all the year 'round. It is allied to Cineraria, and requires about the same treatment. A fine winter bloomer.

Pkt., 200 seeds, 5 cts.

Flint, Mich.
Dear Miss Lippincott:
The seeds I got of you are the best, and have had good luck with the Cobaea's, getting 13 to 15 plants from 20 seeds. I plant them where the sun shines on them in the morning, but not in the afternoon.
Yours truly,
Helen M. Clarke.

Double Daisy. *Bellis Perennis.*

Daisies are easily grown from spring sown seed and come into flower in a very short time. The flowers are white, pink, red and variegated. Not all will come double from seed. Finest mixed. Pkt., 300 seeds, 5 cts.

New Snowball Daisy.

A beautiful white flowered variety having very long stems with large double flowers, about eighty per cent of which are extremely double.

Pkt., 300 seeds, 5 cts.

WALKER'S JAPANESE FLOWER FOOD.

Has no equal for improving Palms, Rubber Plants and Ferns, producing growth and renewing the green.

By mail, 25 cents.

Mrs. C. V. Whitmore, Hemlock, Mich., June 16, 1908, writes: Your flower and garden seeds give general satisfaction, they are reliable; when we plant them we feel sure they will grow.

Delphinium, Larkspur.

Well known annuals of great beauty and remarkable for the richness of their colors: invaluable for large gardens. Mixed. Pkt., 200 seeds, 5 cts.

Delphinium, Formosum.

A hardy perennial variety, flowers bright blue with white center.

Pkt., 200 seeds, 5 cts.

Digitalis, Fox Glove.

A handsome and ornamental hardy perennial of stately growth, for shrubberies and half shady places.

Pkt., 500 seeds, 5 cts.

Dolichos, Hyacinth Bean.

This beautiful annual climber should have a place in every flower garden. It is of very rapid growth.

Pkt., 30 seeds, 5 cts.

Strawberry Point, Wis., Mch. 3, '08
Miss C. H. Lippincott:

Dear Flower Friend: — I used some of your seeds last year and found them fine. I believe every seed germinated. So I am sending to you again.

Yours respectfully,

Mrs. H. J. Barr.

Cactus Dahlia.

A new class of broad-petaled double flowers, esteemed by all the finest of all. Very distinct and extra fine for cutting. Pkt. 50 seeds, 10 cts.

Dahlia, Double.

Every one knows and admires the Double Dahlia, but comparatively few are aware that it can be grown so easily from seed, and flowers so beautifully the first season that the purchase of bulbs is a needless expense. Choice mixed. Pkt., 50 seeds, 5 cts.

Dahlia, New Striped Single.

The extra large single flowers, quite four inches in diameter, comprise a wonderful variety of colors, beautifully striped, flaked, mottled and dotted in a grotesque and charming manner.

Pkt., 500 seeds, 5 cts.

Dear Miss Lippincott:

I wish to thank you for all the seeds I have purchased from you; every one of the seeds came. They are certainly the best grown; they produce such healthy and handsome blossoms. Am sending another order for some more beautiful flowers. Very truly yours,

Lela McGregor,
Hermon, N. Y.

Shasta Daisy.

One-half Natural Size

THE SHASTA DAISY is one of the most marvelous productions in the flower line that has ever been brought

to the notice of floriculturists. It is the first of a new type, which has been obtained by first combining the free-flowering American species with the large, but coarse, European species, and the Japanese species *Nipponicum*, after which rigid selection through a series of years has produced the present wonderfully beautiful and useful strain. Its first qualification is hardiness; it can be grown out of doors by anybody where it is not cold enough to kill oak trees. It is perennial, blooming better and more abundantly each season. It can be multiplied rapidly by simple division, and it is not particular as to soil. It blooms for several months. The flowers are extremely large and graceful, averaging about four inches in diameter, with three or more rows of petals of the purest glistening whiteness, and are borne on single, strong, stiff, wiry stems, nearly two feet in length. The blooms when cut remain perfectly fresh and in good condition for two weeks or more. No other flower can compare with it in usefulness. *Pks., 100 seeds, 10 cts.*

Datura Cornuopia, "Horn of Plenty."

Discovered in South Africa by a collector of Orchids. The plant is of robust habit, with thick, dark, brown-purple, shining stems. The branches are numerous, spreading 3 or 4 feet; thick, large, dark green colored leaves. The flowers are trumpet-shaped, measuring 8 or 10 inches in length and 5 to 7 inches across the mouth, and form *three distinct flowers growing each within the other.* The mouth of the corolla is the most delicate white, beautifully marked with royal purple. A single plant gives from 200 to 300 fragrant blooms during the season, followed by a large, thorny seed vessel, which adds to its beauty; is of the easiest culture; plant at the end of May in a warm, rich soil; can be cultivated as an isolated specimen, in masses for center of beds, or to fill barren places, and produces a striking effect. *Pkt., 15 seeds, 5 cts.*

Euphorbia.

Marginata.

(*Snow-on-the-Mountain*). Plants two feet high, with beautiful foliage, elegantly veined and margined with white; very showy.

Per pkt. 5 cts.

Euphorbia

Mexican Fire Plant

Heterophylla.

The leaves are at first green, but at the end of each branch appear greenish-white flowers, enveloped in beautiful orange-scarlet bracts, and leaves are blotched with vivid carmine.

Pkt. 10 cts.

Mrs. Charles Piper, Unionville, Conn., Feb'y 14, 1908, writes: Glad to get your little book, your seeds are fine.

Dianthus or Chinese Pinks.

Best Mixed.

One of the most useful and desirable plants, and for beauty and variety of colors and markings cannot be surpassed, ranging from pure white to the most delicate pink and glowing deep crimson. A bed of these in the flower garden will make a grand display at small cost. The mixture I offer includes, besides the standard sorts, all the new and brightest colors in spotted, striped and handsomely fringed varieties of late introduction, both single and double. I guarantee it will give satisfaction with any other strain offered.

Pkt., 200 seeds, 5 cts.

Dianthus, Heddewiggii.

Finest Single Mixed.

Flowers two or three inches in diameter. Most beautiful and brilliant colors.

Pkt., 150 seeds, 5 cts.

Dianthus, Dwarf Fireball.

The most brilliant annual pink in cultivation; the plants are constantly covered with blood-red, perfectly double, lacinated flowers until checked by severe frosts.

Pkt., 150 seeds, 5 cts.

Dianthus, Dwarf Snowball.

This beautiful dwarf variety belongs to the Heddewiggii class of Dianthus. The plants are very compact dwarf growth and are covered with lovely, spotless, snow-white flowers very full and double. From its dwarf growth it is very attractive for edgings, while the flowers are also very useful for cutting for bouquets. *Pkt., 150 seeds, 5 cts.*

New Large-Flowered Dwarf Double Hybrid Pinks.

The plants grow only nine to ten inches high, with extra large double flowers, frequently measuring three inches across—of perfect form and brilliant colors, ranging from pure white to deep crimson, while many are beautifully variegated and fantastically marked. Blooming freely the first season. *Pkt., 150 seeds, 5 cts.*

Dianthus, Plumarius, Pheasant's-Eye Pink.

Dianthus, Plumarius, is the old-fashioned Grass Pink. It is perfectly hardy, blooms very profusely in early summer, and is admirable on account of its delicacy, showiness and fragrance. Its use either as a cemetery or garden flower is always satisfactory. *Pkt., 100 seeds, 5 cts.*

Eschscholtzia, California Poppies.

Hardy annual, growing about 1 foot high, bearing a profusion of rich, yellow flowers, about 2 inches in diameter, making a blaze of color in the sunshine and fully as valuable as the common Poppy for garden ornamentation, and as easily grown. *Pkt., 400 seeds, 5 cts.*

Forget-Me-Not, "Victoria."

Of stout and bushy habit of growth, bearing umbels of large bright, azure blue flowers, with central double blooms, and when fully grown is quite globular in shape and perfectly covered with flowers. This beautiful Forget-Me-Not is the best for carpet bedding edgings and masses, and for growing in pots. *Pkt., 200 seeds, 5 cts.*

Pink Forget-Me-Not.

Myosotis Alpestris, Rosea. One of the earliest plants to flower in the spring. The plant is bushy, stalks 12 inches long; is an excellent border plant, and can be easily multiplied by division of the roots. *Pkt. 200 seeds, 6 cts.*

Feverfew, Double, Matricaria Eximia.

A fine old-fashioned bedding plant; also suitable for pot culture. It grows about eighteen inches high, with numerous branching flower stems, which are literally covered with very double, pure white flowers an inch in diameter. Blooms until frost. *Pkt., 200 seeds, 5 cts.*

Geranium, Finest Mixed.

The most popular plant grown, either for pot culture in winter or for bedding out in summer. No flowering plants are more grown, and certainly none more suitable for large beds where a mass of bloom is desired, or for single specimens in pots for the house. But few are aware that they can be grown easily from seed, and flower the first season if sown early, and will frequently reward the cultivation with charming new varieties; in fact propagation by seed is the only sure way to obtain new varieties. The seed I offer has been saved from twenty-five of the finest varieties grown. There can be no finer mixed Geranium, and it cannot fail to bring forth some splendid new varieties.

Pkt., 50 seeds, 10 cts.

Geranium. Good mixed.

Pkt., 30 seeds, 6 cts.

Geranium. Apple-scented leaves, delightfully fragrant, highly prized for bouquets.

Pkt., 30 seeds, 10 cts.

Fuchsia, Double and Single Mixed.

Fuchsias are as easily grown from seed as from cuttings, and from seed many new varieties are obtained. They will flower freely the first year in the open ground, while the plants can be taken into the house in the winter, where they will flower still more freely. The seed I offer has been saved from the very finest double and single varieties.

Pkt., 30 seeds, 10 cts.

Iris, Flowering Flags.

Kaemferi, Japanese Iris.

This is one of the showiest of the "Flags," and is now extensively used in the hardy garden. Blooms the second year from seed.

Pkt., 100 seeds, 8 cts.

NOTE—For immediate results it is necessary to get roots of Japanese Iris. See "Floral Culture."

Ice Plant, Mesembryanthemum.

A handsome and curious plant for hanging baskets, rock work and vases. The leaves and stems appear as though covered with ice crystals and look like rock candy. The whole plant is peculiarly brilliant in the sunshine. *Pkt., 400 seeds, 5c.*

Bristol, Conn., Aug. 3, 1903.

Miss C. H. Lippincott:

The seeds I received from you all came up. I don't believe I was ever more satisfied with seeds. Everybody likes my flowers.

Yours truly, Fred Nagel.

Heliotrope.

Heliotrope is a universal favorite on account of its delightful fragrance and duration in bloom, flowering equally well as bedding plants in summer, or as pot plants in the house during the winter. Seed sown in the spring make fine plants for bedding out, and are as easily grown as verbenas.

Pkt., 200 seeds, 5 cts.

Heliotrope, Lemoine's Giant.

Of vigorous growth and producing heads of flowers double the size of the old sort.

Pkt., 200 seeds, 5 cts.

Gaillardia, New Double.

Large, double flowers, valuable for cutting. The colors embrace sulphur, golden yellow, orange, amaranth and claret.

Pks., 200 seeds, 5 cts.

Gourds, Ornamental.

Tender, annual climbers, with curiously shaped fruit in various colors, many of which are peculiarly marked.

Pkt., 40 seeds, 5 cts.

GLOXINIA.

Gourds, Japanese Nest Eggs.

Resembling in color, shape and size the eggs of hens; are uninjured by wet or cold, and therefore make the best nest eggs.

Pkt. 5 cts.

Gloxinia.

The Gloxinia is a grand flower and makes a lovely pot plant; as easily grown and cared for as many of the common flowers. The handsome bell-shaped flowers embrace a great variety of the richest and most beautiful colors, ranging from pure white to dark-red, pink, blush, lavender, indigo blue, marble and spotted. They will bloom in four or five months from time seed is sown. *Pkt., 100 seeds, 10 cts.*

Godetia, Finest Mixed.

Beautiful, hardy annuals, remarkable for the delicacy of their very fine, large blossoms; flower deep rose pink, rosy carmine, snow-white with bright carmine rose spots, carmine, crimson, lilac with purple and white. *Pkt., 400 seeds, 5 cts.*

Humulus Japonicus, Variegated Japanese Hop.

One of the most rapid climbers grown; seeds can be sown in the open ground in the spring and it will attain enormous dimensions very quickly. The foliage is luxuriant and variegated. It is one of the best plants for covering verandas and trellises. Heat, drouth and insects do not trouble it. *Pkt., 40 seeds, 5 cts.*

Helichrysum.

A very popular everlasting; large, full, double flowers of various colors, from bright yellow to scarlet, shaded and tipped. Handsome bouquets may be formed of them for winter, if blossoms are gathered when on the point of expanding.

Pkt., 200 seeds, 5 cts.

Echeveria,

Hen and Chickens.

These plants are easily and cheaply grown from seed. Many Varieties Mixed. These seedlings will furnish a real surprise, for few people have any idea of the great variety, both in shape and colorings, that are found among the Echeverias.

Pkt., 25 seeds, 10 cts.

Hibiscus, Golden Bowl.

This is a plant that grows about two feet high and begins to bloom early from spring-sown seed, the enormous flower measuring five or six inches across, beautifully cupped and of the most exquisite, soft canary yellow, with a large black center. These beautiful flowers are borne in great confusion all summer, and if the plants are potted before frost, will continue to bloom in the window all winter.

Pkt., 30 seeds, 5 cts.

Helianthus, Sunflower.

(*Globosus Fistulosus.*)

The best and most effective of all annual sunflowers; flowers immense, from twelve to fifteen inches in diameter, globular and extremely double. Of easy culture as well as showy. *Pkt., 40 seeds, 5 cts.*

Mrs. A. E. Cutts, Manchester, N. H., Mch. 16, 1908. Your seeds are excellent, and the Cyclamen and Gloxinia seeds I bought were very prolific.

Impatiens Sultani.

This most distinct and beautiful plant is almost a perpetual bloomer. The flowers are of a brilliant rosy scarlet color and are produced so freely that a full grown specimen appears to be a ball of flowers and continues in full beauty several months. *Pkt., 100 seeds, 5 cts.*

Job's Tears, Coix Lachryma

Curious, ornamental grass, with broad, corn-like leaves and seeds of a light slate color. Valuable for the formation of winter bouquets. Strings of handsome beads are made from the seeds. Hardy annual, 3 feet high.

Pkt., 30 seeds, 5 cts.; oz., 20 cts.

Kokhia Scoparia or Summer Cypress.

The plants grow freely from seed sown in the open ground, when the trees are coming out in leaf, and from the earliest stage of growth in the spring until they reach maturity in the fall the plants are always of globe-like form. The plants branch freely, and stems are clothed with slender light green leaves. Early in the fall the ends of shoots are thickly set with small bright-scarlet flowers—the bushy plants resembling balls of fire. The plants are equally showy, planted singly to show the round ball-like form on all sides, or grown in continuous rows or hedges.

Pkt., 200 seeds, 5 cts.

Miss Bertha F. Cramer, May's Landing, N. J., Mar. 10, 1908, writes: The seeds of finest mixed Dwarf Nasturtiums, which I purchased from you last year were the most beautiful I ever saw, and merited the admiration of the neighborhood.

Miss Kate W. Tibbals, Vassar College, Pokeepsie, N. Y., Apr. 10, 1908, writes: I have used your seeds for two seasons now and have found them highly satisfactory. Your Nasturtiums, Pansies, Pinks and many other annuals come in such interesting varieties of color and shape as I have seldom seen.

Hollyhocks, Prize Double.

The perfect doubleness of the magnificent, large flowers will please the most critical. All the best colors, from deep yellow, red rose, light buff, carmine, scarlet, flesh color, creamy white tinted with rose, purple, yellow on dark ground, crimson flaked with salmon, cherry red, cream on violet ground, lilac on brown ground, dark crimson to pure white, also black. If sown early in March or April the plants will bloom the first year. All colors mixed. *Pkt., 50 seeds, 5 cts.*

<i>Double Maroon,</i>	<i>50 seeds, 5c</i>	<i>Double Salmon Rose,</i>	<i>50 seeds, 5c</i>
" <i>Bright Pink,</i>	<i>50 seeds, 5c</i>	" <i>White,</i>	<i>50 seeds, 5c</i>
" <i>Bright Red,</i>	<i>50 seeds, 5c</i>	" <i>Yellow,</i>	<i>50 seeds, 5c</i>

Hollyhocks, Double Alleghany.

Mammoth flowers, wonderfully formed of loosely arranged fringed petals, which look as if made from the finest China silk, and have none of the formality of the ordinary type. The colors vary from the palest shrimp pink to deep red.

Pkt., 50 seeds, 5 cts.

Hollyhocks, Single.

Many prefer the single-flowering Hollyhocks. The are usually of freer growth than the doubles, and present a very handsome appearance when covered with their artistic blossoms. *Pkt., 50 seeds, 5 cts.*

Mrs. A. G. Fuller, Denver, Colo., Feb. 13, 1908, writes: Last year I had a most beautiful pansy bed, from the ruffled pansy seed you sent to me. My beautiful double Hollyhocks of many colors grew nine feet high and were the admiration of all who saw them, many saying they never saw any so fine. I can recommend your seeds to my friends.

Linaria, Kenilworth Ivy.

A very pretty and well-known hardy, perennial, trailing plant, for covering rock work, and very useful for hanging baskets. The flowers are small but pretty, and for a drooping plant, nothing can be better, as it is easily grown from seed. *Pkt., 300 seeds, 5 cts.*

Linum, Crimson Flax.

Excellent for clumps or edgings and one of the best and most showy hardy annuals for bedding. May be raised in any quantity from seed sown in March or April where the plants are intended to flower. They are not at all fastidious regarding soil, doing well in any ordinary garden. *Pkt., 200 seeds, 5 cts.*

Lavender, Old-Fashioned Sweet.

A well-known, sweet scented, hardy perennial, bearing long spikes of blue flowers. *Pkt., 200 seeds, 5 cts.*

Mina Lobata.

Half hardy Mexican climbing annual. The buds are at first a vivid red, but turn to orange yellow immediately before they open, and when fully expanded the flowers are of a creamy white shade. *Pkt., 20 seeds, 5 cts.*

St. James, Minn., Feb. 18, 1908.

Miss Lippincott:

Dear Madam:— We have used your seeds for four years and have had very good success. Your Masterpiece Pansies were very beautiful last summer; we had some 2½ and 3 inches across.

Yours very truly, Mrs. F. W. Meyer.

Lobelia.

A very valuable and beautiful class of mostly dwarf growing plants; their delicate drooping habit, and the profusion of their charming little blue and white flowers, render them exceedingly ornamental for vases or hanging baskets, and rockeries, blooming from June to November, while for border cultivation they are equally effective. Mixed colors.

Pkt., 500 seeds, 5 cts.

Lobelia, Star of Ischi.

Of very dwarf, erect growth, forming dense balls of charming azure blue flowers.

Pkt., 400 seeds, 5 cts.

Lobelia, White Gem.

The best dwarf white variety.

Pkt., 400 seeds, 5 cts.

John Harrison, New Bedford, Mass., March 3, 1908. I am pleased to state that the Aster seed got from you last year was the finest I have seen in this city.

Lantana.

Well-known shrubby plants, with clusters of verbena-like flowers, and producing their pink, yellow, orange and white heads in great abundance. They have an agreeable aromatic perfume. Mixed. *Pkt., 30 seeds, 5 cts.*

**Moonflower,
Ipomaea
Noctiflora.**

It bears lovely white flowers 5 to 6 inches in diameter, with a five pointed star in the center. The flowers open at dusk, or earlier on cloudy days, at which time they are deliciously fragrant. Start the seed in the house and set out as early as safe in the spring.

Pkt., 15 seeds, 10 cts.

Evening Glory. Bona Nox.

Violet; flowers large and fragrant, especially in the evening.

Pkt., 5 cts.

Mrs. E. F. Welch, Elk Grove, Cal., Mar. 26-08. I sent to you for Aster seeds and never saw such beautiful blossoms as they were.

Mignonette, Machel. True.

An entirely new and distinct sort, of great merit. It is of dwarf and vigorous growth with massive spikes of deliciously scented red flowers. *Pkt., 300 seeds, 5 cts.*

Mignonette, Golden Queen.

A very fine variety; flowers of golden hue; highly effective; of dense pyramidal habit and deliciously fragrant. *Pkt., 300 seeds, 5 cts.*

Mignonette, New Giant Red.

The flower spikes are of the largest size, unequaled by any other variety, while the color is uniform and a strikingly distinct red. *Pkt., 300 seeds, 5 cts.*

Mignonette, Sweet. Reseda Odorata.

A favorite on account of its fragrance. *Pkt., 300 seeds, 5 cts.; oz., 12 cts.*

Marigold, The Eldorado.

The large bushy plants are each a ball of brilliant color, many single plants having seventy-five flowers in bloom at one time. The flowers are 3 to 4 inches in diameter, imbricated and perfectly double. They embrace four shades of color—the lightest primrose, lemon, golden yellow and deep orange. *Pkt., 100 seeds, 5 cts.*

Marigold, French Mixed.

A class of showy and extremely effective plants, with fine double flowers of rich and beautiful colors; very well adapted for large beds and bordering. *Pkt., 100 seeds, 5 cts.*

Marigold, Legion of Honor. Dwarf Single.

The blooms are of medium size, rich golden yellow, with the center of each petal broadly marked with velvety crimson-brown and with clustering stamens in bright shades of orange yellow; blooms abundantly from July until cut down by frost. So easily raised from seed that I strongly recommend it to everyone, *Pkt., 100 seeds, 5 cts.*

Imperial Japanese Morning Glories.

They measure from 4 to 6 inches across and their greater substance causes them to remain open much longer than the ordinary Morning Glories. The colors of the flowers and the shadings and markings are limitless, and are really wonders of nature of such incomparable beauty that descriptions are inadequate. *Pkt., 75 seeds, Single and Double Mixed, 5 cts.; oz., 20 cts.*

Tall Morning Glories, Old-Fashioned.

All colors mixed. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

Mimulus, Monkey Flower.

Tender looking plants with singularly shaped and brilliantly colored flowers, blotched and spotted in every conceivable manner. Excellent for baskets and vases, while they thrive well in the open garden. Fine hybrid mixed. *Pkt., 300 seeds, 5 cts.*

Mimulus Moschatus, Musk Plant.

A well-known and favorite plant. Cultivated on account of the musky odor of the plant. *Pkt., 300 seeds, 5 cts.*

Mimosa, Sensitive Plant.

An interesting and curious plant. The leaves will close and drop at the slightest touch. Mostly grown as a curiosity. *Pkt., 30 seeds, 5 cts.*

Marvel of Peru, Four O'clock.

It is one of the most brilliant and showy plants that can be grown with little or no trouble. Finest mixed. *Pkt., 40 seeds, 5 cts.*

Mexican Mountain Rose.

Antigonon Annual.

Flowers, which are of rich carmine scarlet shade, are borne in great clusters the entire length of the vine. It is a beautiful and rapid growing climber and valuable alike for the shade it affords and for the blossoms it produces. *Pkt., 25 seeds, 6 cts.*

Maurandia.

A beautiful rapid, graceful climber for greenhouse, parlor, basket, or outdoor purposes, with rich purple, white and rose, fox-glove shaped blossoms.

Pkt., 200 seeds, 5 cts.

Nicotiana Sanderae.

This new hardy annual resembles the popular *Nicotiana Affinis* in growth and size of flowers. The plants, however, branch more freely and bloom much more profusely. The flowers are a rich glowing rosy carmine and have a lovely, delicate jessamine-like fragrance.

Pkt., 200 seeds, 10 cts.

Nicotiana Affinis.

When its large, pure white flowers are fully expanded in the evening and early morning, it has a most striking effect, and is so fragrant that a small bed will perfume the wholesurrounding atmosphere. If the plants are taken up in the fall, cut back and potted, they will bloom freely all winter in the house. *Pkt., 300 seeds, 5 cts.*

Nigella, Love-in-a-Mist.

Hardy annual, known as "Devil-in-Bush" and "Lady-in-Green" because the blossoms are partially concealed by the abundance of finely cut foliage. The plant and flower are both handsome and require but little care.

Pkt., 150 seeds, 5 cts.

Ornamental Grasses.

All the annual varieties mixed, many of them being really handsome in growth, and all of them desirable for winter bouquets, if cut while green and dried in the shade.

Pkt., 200 seeds, 5 cts.

Oenothera.

Evening Primrose.

Saucer-shaped flowers of various colors and enormous size, often as large as Moonflowers; very striking and fragrant.

Pkt.; 200 seeds, 5 cts.

Oxalis.

It is not generally known that these annual varieties of Oxalis are fully equal for edgings to the variety grown from bulbs. Mixed colors.

Pkt., 200 seeds, 5 cts.

Dear Miss Lippincott:

I wish to say to you that I like your seeds better than any other I have had. Last fall took first prize on Sweet Peas, Nasturtiums and Verbenas, at a display at the Grange. Have sent you a large order this year.

Laura M. Carter, Darien, N. Y.

Nasturtiums, Dwarf. Finest Mixed.

The best ever produced and not surpassed for gorgeousness of colors and brilliancy of effect, embracing every known good sort. In Dwarf Nasturtiums I consider my special mixed the best that money can buy. It is made up especially for critical buyers that have the money to spend for THE BEST ONLY. Dwarf Nasturtiums now rank with Sweet Peas and Pansies as a favorite and fashionable flower.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.; ¼ lb., 30 cts.

Dwarf Nasturtiums, Golden Queen.

Golden-yellow flowers on golden foliage.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Dwarf Nasturtiums, Crystal Palace Gem.

Rich sulphur-yellow, spotted with carmine.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Dwarf Nasturtiums, Aurora.

The ground color is a chrome-yellow, the upper petals being of a somewhat lighter tint, while the two lower petals are spotted and veined with purplish-carmine. *Pkt., 30 seeds, 5 cts.; oz., 10 cts.*

Dwarf Nasturtiums.

Empress of India.

The leaves are of a dark purplish blue color, making a suitable back-ground for the brilliant crimson-scarlet flower. *Pkt., 30 seeds, 5 cts.; oz., 10 cts.*

Lewiston, N. Y., March 6, 1908.

Miss C. H. Lippincott:

Dear Lady:—We were so pleased with your seeds last summer we want to try them again. The Nasturtiums were beautiful. The collection was delightfully varied, not a large majority of the common orange as is usually the way. Please do as well this year.

Respectfully yours,
Mrs. John Fleming.

Dwarf Nasturtiums, Lady Bird.

The ground color of the flower is rich, golden-yellow each petal barred with a broad vein of bright ruby crimson.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Dwarf Nasturtiums, Spotted King.

Rich orange spotted with maroon.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.

New Tall Nasturtiums, Ivy Leaved.

This beautiful climbing Nasturtium is different from all other Nasturtiums, both in foliage and flower. The plants are of running growth with star-like pointed leaves of rich green. The flowers are of medium size; the petals are quite narrow and stand well apart.

Pkt., 30 seeds, 6 cts.; oz., 10 cts.

New Climbing Nasturtiums.

Madam Gunther's Hybrids.

A new section obtained by artificial hybridizing and distinguished by dark colored foliage and flowers of a richness and variety of coloring not to be found in any of the different classes of Nasturtiums heretofore grown. Colors in these new hybrids include various shades of rose, salmon, bright red, pale yellow, etc., either self colored or spotted, mottled, striped and margined.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.; ¼ lb., 30 cts.

Tall Nasturtiums, Finest Mixed.

I also offer a special mixture of the Tall or Climbing Nasturtiums made up on the same basis as the Dwarf Variety finest mixed, from the best named and brightest colors only.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.; ¼ lb., 30 cts.

Tall Nasturtiums, Von Molke.

Ruby rose. *Pkt., 30 seeds, 5 cts.; oz., 10 cts.*

Tall Nasturtiums.

Bright scarlet. *Pkt., 30 seeds, 5 cts.; oz., 10 cts.*

Tall Nasturtiums, Prince Henry.

Bright mottled scarlet. *Pkt. 30 seeds, 5 cts.; oz., 10 cts.*

Riddicksville, N. C., May 19, 1908.

Dear Miss Lippincott:

I think your seed the best I ever used. Will buy from you whenever I need seed; as one of your old customers, I know the quality of your seed.

Yours truly,
Miss Nettie Brett.

Tall Nasturtiums.

Sunlight—Profuse bloomers, with clear rich golden yellow flowers, measuring nearly three inches across. *Pkt., 25 seeds, 5 cts.; oz., 15 cts.*

Twilight—Flowers a faint salmon or buff tint, heavily suffused with rosy salmon, upper petals beautifully veined with crimson. *Pkt., 25 seeds, 5 cts.; oz., 15 cts.*

Moonlight—Beautiful light straw yellow flowers of large size; a profuse bloomer. *Pkt., 25 seeds, 5 cts.; oz., 15 cts.*

Midnight—Foliage deep dark green, flowers a deep brown red, the petals being crumpled or partially folded. *Pkt., 25 seeds, 5 cts.; oz., 15 cts.*

Lobb's Nasturtiums.

Both foliage and flowers of this type are smaller than those of the common Tall Nasturtiums, but the wonderful profusion of bloom and intense brilliancy of colors make it particularly desirable.

King of the Blacks—Rich foliage with flowers of a dark garnet-red. *Pkt., 25 seeds, 5 cts.; oz., 15 cts.*

Lucifer—Both flower and foliage are of a rich dark coloring, the flowers being a deep rich velvety crimson. *Pkt., 25 seeds, 5 cts.; oz., 15 cts.*

NOTICE! One pkt. each of the 19 varieties of Nasturtiums, for..... **60 cts.**

"Masterpiece" or Ruffled Pansy.

This strain comes nearer to "Double Pansy" than any thing ever introduced under the name. The number of petals is the same as that in other Pansy flowers, but they are crimped and curled in such a fashion that the flowers appear double. The flowers are of enormous size, often 3 inches across, and the color variations and combinations are odd and striking. *Pkt., 150 seeds, 10 cts.*

Royal Show Pansies.

This is a mixture especially prepared by myself from separate strains and colors of all the largest flowering and finest varieties that can be secured in Europe, and is unsurpassed in beauty, color and markings. *Pkt., 150 seeds, 10c.*

Pansy,

"New Giant Madam Perret."

This novelty is especially distinguished from other pansies by the plant being full and spreading, with very broad and extremely dark green leaves. The straight and stiff stems it possesses cause the flowers to stand out well from the foliage. The color of the blossoms ranges through all the shades of red, from a pink to a fine, deep purple, with an intermediate bright red, edged with white. The face of the flower in some cases is regular in color, while in others it is lined and striped. The extraordinary size of the flowers, which reach as much as 3 to 3½ inches in diameter, makes it a novelty of the first rank, and one that is sure to be sought after by lovers of Pansies. *Pkt., 150 seeds, 10 cts.*

Giant Yellow Prince Pansy.

The color is pure golden yellow, shaded canary, sometimes with the three lower petals marked with purplish or red blotches and hair lines. It is impossible to reproduce by means of the printer's art the grand depth of brilliant color presented by this beautiful Pansy when well grown. *Pkt., 150 seeds, 5 cts.*

Giant White Spotted Pansy.

The flowers are very large, pure white with a violet blotch on the three lower petals, of good form and substance. *Pkt., 150 seeds, 5 cts.*

Black Prince Pansy.

A distinct Pansy of sterling merit. The rich, glossy black has a peculiar soft, velvety appearance; the magnificent, large flowers are of fine circular form and carried upright well above the foliage; plants are of very compact, bushy habit, and flowers so profusely that a bed of the Black Prince makes a sight not often equaled.

Pkt., 150 seeds, 5 cts.

Pansy, President Carnot.

Flowers of great size and rounded form. The center of each of the large, rounded petals is heavily blotched with a soft, rich shade of violet purple; the edges distinctly outlined with a snow-white band. In the center of the lower petals the color deepens to a velvety brown tint, contrasting richly with the yellow of the small, distinct eye. Pkt., 150 seeds, 10 cts.

New Giant Trimardeau Pansy.

Remarkable for the extra large size of the flowers, which, however, are not so circular in form as the "Imperial German" or the "Royal Show." Pkt., 150 seeds, 5 cts.

Sweet-Scented Pansies.

The Perfume of the Violet.

The Beauty of the Pansy.

This new class is the result of crossing the Pansy (*viola tri-color*) with the Sweet Violet (*viola cornuta*). The resulting hybrids in addition to retaining the delightful Violet perfume, produce the most beautiful pansy-like blossoms, 2 to 2½ inches across, of great substance and of an endless variety of colors. They are not equally fragrant, though the majority are as highly scented as the sweetest Violet. Mixed colors. Pkt., 150 seeds, 5 cts.

Fire King Pansy.

This novelty comes almost absolutely true, scarcely a plant bearing flowers at variance from the type, which is very distinct and striking. The lower petals each have a large blotch of deep brown-red or magenta, margined with yellow, while the upper petals are of a bright reddish-brown, of a real fiery shade warranting the name of *Fire King*. Pkt., 150 seeds, 5 cts.

Snow Queen Pansy.

Pure satiny white, with yellow dot in center of flower, sometimes marked near center with faint blue or purple lines; altogether the least picturesque of any of the different classes of Pansies. It is highly prized by a great many Pansy lovers for just that reason. Pkt., 150 seeds, 5 cts.

Peacock Pansy.

A beautiful variety of ultramarine blue in the upper petals of the flower, edged with a thin white line, within which is a space of purplish crimson, passing into a rich central blotch of deep blue, shading to black. Named "Peacock" because the blending colors resemble those of peacock feathers. Pkt., 150 seeds, 5 cts.

New Red Mixed Pansy.

The most brilliant Pansy mixture ever offered; made up from a collection of all the best red and fiery shades that have been produced up to date by the expert Pansy growers of Europe and America. If you want *Red Pansies* try this mixture. Pkt., 150 seeds, 5 cts.

Emperor Frederick Pansy.

The first color is deep velvety brown, shaded into a narrow band of deep, golden yellow, which borders each petal. The perfect flowers show a distinct face, marking a rich gold and dark brown. Pkt., 150 seeds, 5 cts.

Pansy, Emperor William.

Ultramarine blue with a violet eye. Pkt., 150 seeds, 5 cts.

New Imperial German Pansy.

This mixture embraces seed of over fifty colors and markings, and is guaranteed to equal any strain offered as Imperial German. Pkt., 150 seeds, 5 cts.

Pansy, Good Mixed.

Fine for bedding; many rich colors. Pkt., 300 seeds, 5 cts.

 NOTICE—One Packet of each of the seventeen varieties of Pansies for 75 cents. 

Petunia, Grandiflora, Large Flowering. Mixed.

The largest flowering and richest colored variety in cultivation. Single flowers frequently measure over five inches in diameter, ruffled or fringed on the edges and beautifully veined with various shades of purple, rose, lavender, yellow and crimson. *Pkt., 300 seeds, 10 cts.*

Petunia, Double.

Finest varieties carefully fecundated with the double flowers, and will produce from twenty-five to forty per cent. of double flowering plants. Some double, fringed, in all shades of colors existing in Petunias, and the blossoms that come single will be of the grandiflora type. *Pkt., 100 seeds, 10 cts.*

Petunia, Lady of the Lake.

Some magnificent, double, pure white, beautifully fringed blossoms can be obtained from this strain. Produces about twenty to thirty per cent. of double flowers. *Pkt., 50 seeds, 10 cts.*

Single Petunia, Snowball.

Grows about eight inches high, with satiny, pure white flowers, and makes a beautiful edging or bedding plant. *Pkt., 200 seeds, 5 cts.*

New Star Petunia.

An exquisite variety, either for the garden or pot culture, each flower having distinct white, starlike stripes, on rich purplish red ground. *Pkt., 200 seeds, 5 cts.*

Petunia, Hybrida—Finest Mixed.

A splendid mixture, embracing all colors. They are excellent for bedding or massing. *Pkt., 300 seeds, 5 cts.*

Petunia, Hybrida—Good Mixed.

Many colors and a good bedding variety. *Pkt., 200 seeds 3, cts.*

☞ One packet each of the seven varieties of Petunias, 35 cents. ☛

**Phlox,
Hortensia Flowered.**

This is undoubtedly one of the handsomest species of the Phlox family. The flowers are borne in large umbels, just like a Hydrangea. *Pkt., 150 seeds, 5 cts.*

Phlox, Drummondii, Good Mixed.

Invaluable for bedding and for cut flowers; an excellent strain. *Pkt., 100 seeds, 3 cts.*

Phlox, Double Flowering.

A very desirable class. Flowers are double and semi-double, and much longer than those of the single Phlox. The white is especially valuable as a cut flower. All colors mixed.

Pkt., 150 seeds, 5 cts.

Phlox, New Yellow.

New Yellow Phlox is a rich straw yellow of warm and glowing tones; flowers extra large and fine form.

Pkt., 150 seeds, 5 cts.

Phlox, Large Flowered.

Pure pink. *Pkt., 150 seeds, 5 cts.*

Phlox, Perennial, Choicest Mixed.

The perennial variety of Phlox is among the choicest of our bedding and border plants. They are hardy and need no protection; will flourish in any soil, succeeding better, however, in deep rich, rather moist ground.

Pkt., 25 seeds, 5 cts.

Phlox, "Starred and Fringed."

These "Starred and Fringed Phloxes," are really entitled to rank as a *new race*. In the *Fringed Flowers*, the petals are partly fimbriated and partly three-toothed, in more than 20 different shades. In the *Starred Phloxes* the pointed central teeth of the petals are five or six times as long as the lateral ones and project beyond them like little spines, giving the flowers a star-like form. *Pkt., 200 seeds, 5 cts.*

Phlox, Drummondii Grandiflora.

Their long duration in bloom, combined with their almost unequaled richness of color, renders them of invaluable service in the flower garden. The colors range in every conceivable shade, producing flowers twice the size of common Phlox. *Pkt., 200 seeds, 5 cts.*

Phlox, Large Flowering, Brilliant Scarlet.

A most effectual color for bedding. *Pkt., 150 seeds, 5 cts.*

Phlox, Large Flowering, Pure White.

Large, round flowers of splendid substance. *Pkt., 150 seeds, 5 cts.*

NOTICE—One packet each of the entire collection of Phlox, 10 packets, for 35 cents

Portulaca, Double Flowering.

One of the most showy and beautiful annuals, with abundant highly-colored flowers. For baskets, beds, masses or edgings it is invaluable. The seed I offer has been saved with extra care from the finest colors and will give a good proportion of double flowers. *Pkt., 600 seeds, 5 cts.*

Pyrethrum.

Parthenifolium aureum (Golden Feather)..... *Pkt., 5 cts.*

Pyrethrum.

Roseum (Insect Powder Plant), A fine hardy plant, with large red daisy-like flowers..... *Pkt., 8 cts.*

Poppy, White Swan.

One of the most effective and valuable Poppies introduced for years. The plants are about 18 inches high, grow in very pretty bush form, crowned with flowers of enormous size, perfect form, very double and of the purest snow-white. Its flowering period is considerably longer than that of other Poppies.

Pkt., 200 seeds, 5 cts.

Hardy, Perennial Poppies.

Oriental—A charming summer flowering plant producing numerous leafy stems about 2½ ft. high, which are covered with deep crimson flowers. Pkt., 150 seeds, 5 cts.

California Poppy, True.

This is the true California Poppy. Is a native of the extreme southern part of the state and Mexico. The petals are very crumpled, are larger and not so funnel shaped as the common California Poppy. It is an annual, a profuse bloomer and as a cut flower stays fresh a long time. Pale Lemon, Yellow.

Pkt., 200 seeds, 5 cts.

Notice One Pkt. each of the 7 varieties of Poppies for..... **30c.**

Double Poppies, Mixed.

For dazzling richness and variety of colors, the flowers are unequalled. Simply scatter the seeds in the open ground and a mass of beauty will result which will be a constant source of pleasure. Pkt., 300 seeds, 5 cts.

Iceland Poppies.

These fine perennial poppies produce flowers in great abundance the first year from the seed. The colors range from the purest white and yellow to the deepest glowing orange-scarlet, and have a delicious fragrance. For vase or house decorations they rank among the loveliest. Mixed colors.

Pkt., 200 seeds, 5 cts.

Poppy, The Shirley.

It is perfectly hardy and flowers the first year from seed. The flowers are large, exceedingly graceful and elegant; the colors are pure, soft and varied, and range from blush white, rose, delicate pink and carmine, through innumerable tints to bright sparkling crimson.

Pkt., 300 seeds, 5 cts.

Scarlet Poppies, Tulip.

Large, vivid scarlet blossoms, which have a dark spot at the base of the petal. Pkt., 300 seeds, 8 cts.

Primula Sinensis, Chinese Primrose.

Many persons seem to think *Primulas* are successfully propagated only in the greenhouse, hence we find amateurs often reluctant to attempt their culture. They are unequalled as winter bloomers, easily grown if the right conditions are observed, and give a succession of flowers throughout the season, and are prized for both beauty and their delicate fragrance. Single fringed, finest mixed. *Pkt., 50 seeds, 10 cts.*

Primula, Double.

Best mixed, all colors. *Pkt., 30 seeds, 14 cts.*

Primula Obconica.

Primula Obconica is as near an everblooming plant as it is possible to obtain. It has been known to flower for over twelve months without a break. *Pkt., 100 seeds, 5 cts.*

Polyanthus, Primula Elatior.

Showy, early spring, free flowering plants, fine for either pot or outdoor culture, hardy perennials; 9 inches. The best single, all colors mixed. *Pkt., 200 seeds, 5 cts.*

Rose, Multiflora True.

With seed of these new *Roses*, plants may be had in bloom in sixty days, from the time of sowing. Plant at any time. They grow quickly and flowers appear in large clusters, and in such quantity that a plant looks like a bouquet. Perfectly hardy in the garden, where they bloom all summer. In pots they bloom both summer and winter. From a packet of seeds one will get *Roses* of various colors—white, pink, crimson, etc. No two alike and mostly perfectly double and very sweet. *Pkt., 30 seeds, 8 cts.*

Platycodon, Chinese Bell Flower.

Hardy perennials, producing very showy flowers during the whole season. They form large clumps, and are excellent for planting in permanent borders or among shrubbery. Mixed blue and white. *Pkt., 500 seeds, 5 cts.*

Star Primula.

Primula Stellata Hybrida.

Many of the blooms are equal in form and purity of color to those of the Chinese *Primula*, and, as they last longer and the plants can be much more easily grown, they deserve to be widely cultivated. Of the seed now offered the mixture contains seven charming and distinct colors. *Pkt., 100 seeds, 8 cts.*

The Mexican Primrose.

The superb colors, combined with airy grace and a beautiful form make a flower which is almost perfection. The plant seldom grows over ten inches in height, but inclines to a trailing habit, sweeping its branches out over the ground, or drooping out over the sides of the pot, holding its large silky flowers erect. As a window plant it combines great hardiness and ease of culture with unrivaled beauty and profusion of bloom. In the open ground it grows freely and profusely; will thrive well under any and all conditions and bloom the year round in pots, or during the spring, summer and fall in the garden. *Pkt., 100 seeds, 6 cts.*

Miss C. H. Lippincott:

Dear Friend: The seeds I got from you have always done well. My sweet peas are up and doing so nicely; every seed grew by the way they look, so I thought I would send for rose bushes. Hope they will prove as satisfactory as your seeds.

Respectfully yours,

Mrs. Emma Von Drew.

Scarlet Sage, *Salvia Splendens*.

One of the grandest plants in cultivation, a bed of them surpassing the finest scarlet Geraniums in brilliancy and continuous bloom. The lower spikes often measure 10 to 12 inches in length, and there are as many as 200 spikes on a well grown plant. From the time they first begin to flower the plants are never out of bloom until killed by late frosts. It is easily grown from seed, and the purchase of plants should be abandoned. *Pkt., 100 seeds, 5 cts.*

Salvia Bonfire.

This is one of the finest Scarlet Sages, growing in a compact bush about 2 feet high by two feet in diameter. Its erect spikes of brilliant scarlet flowers stand clear above the dark green foliage and completely cover the plant.

Pkt., 100 seeds, 10 cts.

Salvia Farinacea.

The plants form dwarf, compact bushes, with long spikes of beautiful blue flowers, which make a charming contrast when grown with the scarlet described above.

Pkt., 100 seeds, 5 cts.

Salvia, Pure White, 2 feet high.

Pkt., 100 seeds, 5 cts.

Rhodanthe.

A lovely everlasting, either in the garden or for winter bouquets; flowers white, rose, crimson. *Pkt., 5 cts.*

Ricinus Zanzibariensis.

An entirely new class from Africa, with leaves often measuring two feet across; the seeds are marbled, speckled and spotted. *Pkt., 8 seeds, 5 cts.*

Ricinus, Cambogiensis.

Large palm-like leaves of a brilliant, bronzy-red maroon color with large red veins.

Pkt., 10 seeds, 5 cts.

Ricinus, Castor-Oil Bean

Many choice varieties mixed.

Pkt., 10 seeds, 5 cts.

Sunflower,

Mammoth Russian.

Of gigantic dimensions, both flower and stalk. *Oz., 5 cts.*

Sweet Fern.

Pkt., 300 seeds, 5 cts.

Sunflower,

Chrysanthemum-Flowered.

Grows seven feet high. Perfectly double, the color is the brightest golden yellow. The flowers are so perfect in form that they resemble very double Chrysanthemum-flowered Asters with long stems.

Per pkt., 5 cts.; oz., 25 cts.

Stock, Ten-Weeks.

The Largest Flowering Globe Pyramidal.

Immense spikes of perfectly double flowers, pyramidal in shape, the individual blooms frequently measuring from 2 to 2½ inches in diameter, ranging in color from crimson, rose, white, blue, lilac, brown and yellow. They are greatly prized for cut flowers on account of their fragrance and diversity of colors. *Pkt., 100 seeds, 5 cts.*

Stock, White Perpetual, Princess Alice.

The individual flowers are uncommonly large, of a fine, rosette-like shape, and of the purest possible white. If sown early will produce a great abundance of bloom from June until November. *Pkt., 100 seeds, 5 cts.*

Stock, Peach Blossom.

The plants are of neat pyramidal habit of growth, crowned with magnificent heads of beautifully shaped, perfectly double, sweet-scented flowers of a delicate, peach-blossom color. For beauty and long continuance of bloom it is unsurpassed, and the delightful fragrance renders it very desirable for bouquets. *Pkt., 100 seeds, 5 cts.*

Stock, Dwarf German.

Fine mixed. *Pkt., 100 seeds, 5 cts.*

Passiflora Gracilis.

This "Fairy Passion Vine" is a charming annual; it has pretty light green leaves, and is a very dainty and graceful thing for hanging baskets, pots or trellises; will grow to a height of 10 to 12 feet out of doors. The flowers are white, followed by seed fruits, at first light green shaded white; when ripe they turn bright shining red and burst open, disclosing fiery scarlet seeds; the entire plant becoming covered with these fruits. The effect is very pretty indeed. *Pkt., 20 seeds, 10 cts.*

Schizanthus, Butterfly Flower.

Elegant and very free blooming annuals; of much interest and beauty, and when well grown, rival the orchids in singularity of colors and markings. The large flowers are spotted with crimson, lilac, purple and yellow, and the petals are cut in a picturesque manner. In pots in the conservatory or house, few plants are more attractive; also elegant in a bouquet or vase, and fine for bedding. *Pkt., 500 seeds, 5 cts.*

Miss Alice Shunn, Sweet, Idaho, March 13, 1908, writes: I have had your seeds for three years and they are fine. The Sweet Peas, Asters, Nasturtiums and Carnations were the nicest I ever saw.

Scabiosa, New Golden Yellow.

The color has long been desired in the Scabiosa family and is now obtained after years of selections. The flowers are double, of a fine, pure yellow color, and are charming for Bouquets. The plants are semi-dwarf and very free blooming. *Pkt., 50 seeds, 5 cts.*

Snowball Scabiosa.

The flowers are very large, measuring fully two inches in diameter, of purest white and very double. It comes quite true from seed. *Pkt., 50 seeds, 5 cts.*

Scabiosa, Double Back.

A new variety, with elegant double-back, purple flowers, so deep in color as to appear nearly coal black.

Pkt., 50 seeds, 5 cts.

Scabiosa.

Mixed double, all colors.

Pkt., 100 seeds, 5 cts.

Salpiglossis, Velvet Flower.

The graceful flowers, borne on long stems, range in color from the most delicate shades of light blue and straw color to the deepest purple and the richest brown and maroon.

The quaint, funnel-shaped flowers somewhat resemble those of the Petunia, and are borne in great profusion. The metallic gloss and distinct veining of the petals present almost the appearance of jeweled enamels. Large flowering, mixed. *Pkt., 300 seeds, 5 cts.*

Smilax.

One of the most desirable window vines on account of its charming glossy green, elegant and graceful foliage. It will grow several feet high the first season. Started in spring, it affords elegant trellis plants for the house in winter; also fine for hanging baskets.

Pkt., 50 seeds, 5 cts.; ¼ oz., 18 cts.

Sweet William, Dianthus Barbatus.

The Sweet William is one of the finest flowering plants among the hardy perennials. The flowers have a wide range of bright colors and varied markings, including the finest auricula-eyed varieties. Single and double mixed.

Pkt., 200 seeds, 5 cts.

Exeter, N. Y., Mar. 19, 1908.

My Dear Miss Lippincott:

I have used your seed for a number of years and have always been very successful with them. My pansies raised from your Royal Show seeds have been very beautiful indeed. Both my husband and I are very fond of pansies and we are always trying to have the finest we can get but have found nothing finer than your Royal Show collection.

Wishing you future success, I am sincerely yours,

Mrs. William J. Hull.

Best New Sweet Peas.

APPLE BLOSSOMS—Bright, rosy pink standards, bluish wings. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

AMERICA—Heavily striped with bright blood red on white ground. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

ADMIRATION—A grand, large flower of beautiful form, self-colored in delicate shade of rosy lavender; a free bloomer. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

BLANCHE FERRY—Beautiful combination of pink and white, very fragrant. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

COUNTESS OF RADNOR—Standard light mauve, fading into a soft lavender; wings a lighter shade. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

COQUETTE—Deep primrose shaded fawn. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

COUNTESS OF POWIS—A glowing orange-suffused with light purple; very novel. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

DOROTHY ECKFORD—The finest pure white yet produced, bearing three blossoms on a stem. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

JANET SCOTT—Rich pink; considerably deeper than Katherine Tracy. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

OTHELLO—Deep maroon; an improvement on Black Knight. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

SALOPIAN—Burpee's Sunproof. Flowers of large size, beautifully rich, deep glowing crimson, tinged with orange scarlet. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

MRS. JOS. CHAMBERLAIN—One of the largest and handsomest of Eckford's novelties. The color is very effective, the whole flower having a white ground which is heavily striped with rose. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

MAID OF HONOR—Flowers beautifully shaded light blue on white ground, edged with narrow, deep rich violet. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

MISS WILLMOTT—Richest orange-pink flowers, measure 1 1/2 inches across, and are borne on long, stiff stems, 12 to 16 inches long. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

MRS. DUGDALE—One of the largest flowered of all Sweet Peas. Light, carmine-rose, with faint markings of primrose. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

KING EDWARD VII—The best red Sweet Pea up to date. An improvement on Firefly. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

LADY GRISEL HAMILTON—Light lavender, with azure blue wings; very dainty. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

NAVY BLUE—A most distinct and striking color in Sweet Peas. The general effect is of a rich, deep, true blue, though on close examination the shade in the standards is a deep lavender-purple, suffused throughout with a faint tint of claret or wine-red, while the wings are a rich violet purple. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

LADY NINA BALFOUR—Large, expanded form with flowers beautifully hooded; both standards and wings are well rounded and broadly spreading. Coloring a pale lavender or lilac, free from any reddish tint, and when gathered in bunches gives the effect of mouse tint. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

VENUS—Of the largest expansion form; color, a rich salmon-buff. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

PRINCE OF WALES—A bright, self-colored, deep rose flower of grand size and beautifully hooded form; frequently four on a stem. A greatly improved *Her Majesty*; one of Eckford's finest. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

TRIUMPH—Flowers of grand, large size and most beautiful coloring. Standard stiffly erect, broadly expanded; color white, suffused with salmon-pink, tinted with carmine at the base; wings widely spread, delicately veined with rosy carmine, shading to deep rose in the center. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

Sweet Peas—Continued.

LOVELY—Standard and wings both deep pink shading to very light pink at the edges. Large size, hooded form. Very vigorous grower, usually four blossoms to the stem. It is a very effective variety. *Pkt., 100 seeds, 5 cts., oz., 10 cts.*

THE HON. MRS. E. KENYON—A beautiful shade of light primrose yellow. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

DUKE OF WESTMINSTER—Standard clear purple. Wings purple with tint of violet. Large size, hooded form. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

SCARLET GEM—The color is *almost dazzling scarlet*, beautiful, bright and clear, a color much to be desired both for home table decoration and for exhibition. It also shows well in artificial light, which is an immense advantage. It is strong in growth, with sturdy stems, and wonderfully free flowering. *Pkt., 100 seeds, 5 cts.; oz. 10 cts.*

JESSIE CUTHBERTSON—Creamy white, striped dark rose. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

NEW DOUBLE SWEET PEA—Double Sweet Peas are of incomparable beauty. The plants are of extremely robust growth, producing a lavish profusion of richly fragrant flowers. Flowers are extra large, frequently measuring over two inches across. *They will not all come double*, but if the plants are grown strong and luxuriant they usually produce 20 to 40 per cent. of double blossoms. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

SWEET PEAS, Best New Mixed—Owing to a special demand for all the new and finer varieties, I have selected all the large flowering and most distinct sorts especially for those that can afford to pay for the scarce and rarer varieties that heretofore have been too expensive to include in a mixture, comprising in all some 25 or 30 named varieties. This I call my *Best Mixed*, and I can particularly recommend it as extra choice and fine. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.; 1-4 lb., 25 cts.; 1 lb., 90 cts.*

SWEET PEAS, Fine Mixed—This strain, although not embracing the new seedlings, contains a beautiful assortment of the famous *Eckford Sweet Peas*. *Pkt., 100 seeds, 5 cts.; oz., 8 cts.; 1-4 lb., 20 cts.; 1 lb., 65 cts.*

SWEET PEAS, Countess Spencer Hybrids, The New Orchid-Flowering Sweet Pea—Here we have a new and distinct type and form in Sweet Peas. The flower stems are unusually long and the flowers are so set on the stem that there is a graceful fluffiness to a bunch of them in distinct contrast to the ordinary kinds of Sweet Peas. Mixed colors only. *Pkt., 100 seeds, 10 cts.; oz., 15 cts.*

NEW DWARF PINK CUPID SWEET PEA—Bears generally three and sometimes four flowers to a stem. The flowers are identical with the tall growing *Blanche Ferry* and are *fully equal in size*. The standard is a bright rose pink, while the wings are pure white and light pink. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

NEW DWARF WHITE CUPID SWEET PEA—Grows but 5 inches high and blooms so freely for months that it appears a perfect mass of white—the leaves being quite hidden. The flowers, of fine form and large size, are of the most perfect white; and the plants remain in full bloom two months longer than any other Sweet Pea. *Pkt., 100 seeds, 5 cts.; oz., 10 cts.*

Notice.

One package each of the entire collection (33 pkts. including the New Countess Spencer) for \$1.20; any 3 pkts. for 10 cts., and 4 oz. for 25 cts., 2 oz. for 15 cts.

Miss C. H. Lippincott,
Minneapolis.

Dear Miss Lippincott:

Years ago I saw and answered an advertisement of yours, sending twelve cents for ten annuals. The seeds were so fresh and fine that there seemed to be many more plants from them than there had been seeds planted. You sent a catalogue, and—something else I appreciated very much—a little book, "Floral Culture."

I ordered more seed, and for three years,—until my health gave way,—had a yard which was the envy of the neighbors, and attracted all who passed this way. Many borrowed your catalogue, which I finally lost sight of. Later I ordered another, but it never did stay at home long enough for me to study it, and was eventually carried to Tampa.

Thanking you for past favors, and future, and wishing you every success, I am

Yours truly,
Mrs. J. Evers.

Plant City, Fla., Sept. 29, 1908.

Mammoth Verbena.

Flowers of unusual size, single flowers sometimes being as large as a twenty-five cent piece, while the clusters of bloom are magnificent and the range of colors more vivid than in any other mixture.

For garden beds or massing, the Verbena is unrivaled; flowers of the most brilliant color, blooming continually from spring until late in the autumn. Although perennials, they bloom profusely the first season from seed.

Pkt., 100 seeds, 6 cts.

Pure White Verbena.

Candidissima.

A fine strain of large flowering, pure white Hybrid Verbenas; trusses large and borne freely at all times; always comes true from seed.

Pkt., 100 seeds, 5 cts.

Striped Verbena.

Very showy striped flowers of many bright colors.

Pkt., 100 seeds, 5 cts.

Defiance Verbena.

True, brightest scarlet.

Pkt., 100 seeds, 5 cts.

Verbena Hybrida.

Fine mixed, from a splendid range of colors. *Pkt., 75 seeds, 3 cts.*

Verbena Odorata.

This lovely Verbena is hardy; seed may be sown in the open ground early in the spring. The blossoms, instead of being in clusters, run up into spikes three or four inches long, and are very sweet scented. *Pkt., 100 seeds, 5 cts.*

Lemon Verbena.

This elegant, fragrant plant is easily grown from seed and succeeds anywhere. Have a good bed of it in the garden every summer, that you can cut its fragrant foliage and flowers to make up with bouquets. *Pkt., 100 seeds, 5 cts.*

Verbena.

Primrose yellow. *Pkt., 100 seeds, 5 cts.*

☞ One Packet each of the entire collection of Verbenas (8 pkts.) for 25 cents. ☞

Violet, Viola.

The violet should not be wanting in any garden, on account of its fragrance and early appearance. A single flower will perfume a whole room. Succeeds best in a shady, sheltered place, and can be easily increased by dividing the roots. Finest mixed. *Pkt., 150 seeds, 5 cts.*

Perennial Peas, Lathyrus.

They do not have the delicious fragrance of the Sweet Peas, but they are equally beautiful. They are perfectly hardy and live year after year bearing magnificent clusters of flowers, and bloom early in the spring. *Pkt., 50 seeds, 5 cts.*

New Giant Zinnias.

A new class of Zinnias, giant in size and perfectly double flowers of the richest and most varied colors and shapes. The plants grow about three feet high and bloom freely during a long period, making them particularly valuable for large groups. *Pkt., 100 seeds, 6 cts.*

Pure White—Snow Ball. Pkt., 100 seeds, 5 cts. Golden Yellow— Pkt., 100 seeds, 5 cts.
Dwarf Scarlet—Fireball. Pkt., 100 seeds, 5 cts. Zinnia—Choice dbl. mixed. Pkt., 100 seeds, 5 cts.

Zinnias, Double Lilliput.

Dwarf, compact bushes, bearing very small, perfectly double, pompon-shaped flowers of the brightest colors, which cover the plant during the entire summer and until frost sets in. The flowers embrace a wide range of both light and dark colors, evenly distributed. *Pkt., 100 seeds, 5 cts.*

One Packet each of the 6 varieties of Zinnias for 25 cts.

Wall Flower, Double Mixed.

Spikes of deliciously fragrant double flowers, combining many shades of color, chocolate and orange, purple predominating. *Pkt., 50 seeds, 6 cts.*

Wall Flower, Single Parisian.

Wall Flowers are the most deliciously fragrant of all garden flowers; their cultivation has been restricted, however, because they did not bloom until a year after the seed was sown. This new annual variety will flower throughout the summer and fall from seed sown the same spring. Everyone should now grow some and enjoy the pleasing fragrance of the cinnamon-colored flowers.

Pkt., 100 seeds, 5 cts.

A BEAUTIFUL LAWN

With its close, velvety turf, is a most essential feature in the adornment of all suburban homes. Without it the finest flowering plants and bedding seem insignificant, while with it handsome grounds are assured, even with no other adornment.

Lawn Grass Seed

Is composed of a mixture of grasses best adopted to produce a permanent and fine turf, so that a rich, deep, green, velvety lawn is constantly maintained. Bear in mind, my finest quality Lawn Grass seed runs 20 lbs. to the bushel and is the best mixture on the market for the money.

<i>Finest Quality</i> <i>Quart</i>	\$.25	<i>Good Quality</i> <i>Quart</i>	\$.15
<i>Finest Quality</i> <i>2 Quarts</i>45	<i>Good Quality</i> <i>2 Quarts</i>28
<i>Finest Quality</i> <i>Peck</i>	1.00	<i>Good Quality</i> <i>Peck</i>75
<i>Finest Quality</i> <i>Bushel</i>	4.00	<i>Good Quality</i> <i>Bushel</i>	2.40

Shady Place Grass.

Usually it is quite difficult to obtain a satisfactory growth of grass under trees and in shady places. For sowing in such places we recommend the use of this special mixture. It will quickly produce an abundant and even growth of beautiful green grass. The grasses used in making this special mixture are only those that are well adapted for growing in the shade. It has been successfully used where a green sward was desired on land partially shaded by old trees.

Quart, 35 cts.; 2 Quarts, 60 cts.; Peck, \$1.50, Bushel, \$6.00.

White Clover.

This thrives in almost every soil and climate, succeeding equally well on heavy moist land and thin dry hillsides. It is of low-creeping growth and most valuable for green velvety lawns.

40 cents per lb. prepaid.

Lawn Grass Seed by peck or bushel by express at purchaser's expense, and on all orders by mail for more than 2 quarts, please add 5 cents per quart to cover postage.

Herbs.

<i>Dill</i>	<i>Pkt. 5 cts.</i>
<i>Lavender</i>	<i>Pkt. 5 cts.</i>
<i>Savory, Summer</i>	<i>Pkt. 5 cts.</i>
<i>Sweet Marjoram, American</i>	<i>Pkt. 5 cts.</i>
<i>Thyme, Broad-leaved English</i>	<i>Pkt. 5 cts.</i>
<i>Sage</i>	<i>Pkt. 5 cts.</i>
<i>Pennyroyal</i>	<i>Pkt. 5 cts.</i>

Wild Cucumber. Annual.

For covering porches and trellises.....*Pkt., 5 cts.; oz., 20 cts.*

Mrs. L. A. Allan, Granada, Minn., February 20, 1908, writes: I want to tell you my Yellow Aster and Petunias last year were just beautiful. I took from the garden some of my Petunias and potted them in the house and they have been in bloom all winter, and they are lovely.

VEGETABLE SEEDS.

ASPARAGUS, Columbian Mammoth White—This large-stalked strain produces white stalks above the surface, which are nearly as fine flavored as the best green-stalked. *Pkt., 5 cts.; oz., 10 cts.; ¼ lb., 25 cts.*

BEET, Detroit Dark Red—Form Globular or ovoid; smooth roots, with small tops; skin blood-red; flesh dark red, zoned with a lighter shade, tender and sweet. *Pkt., 5 cts.; oz., 10 cts.*

BEANS, Davis' White Wax—Immensely productive, bearing large handsome straight pods six inches in length. The pods are, however, tough and with decided strings. The dry seed, being white, is desirable for winter market as a shelled bean. *Pkt., 10 cts.; pt., 25 cts.*

BEANS, Prolific Dwarf Black Wax—Dwarf bush grown and very prolific. Pods four to five inches in length, usually curved, quite round; meaty, brittle and stringless; deep golden yellow, of excellent flavor. *Pkt., 10 cts.; pt., 25 cts.*

BEAN, Burpee's Bush Lima—Burpee's Bush Lima comes absolutely true from seed. The bushes grow eighteen to twenty inches high, of stout growth and always erect, yet branching so vigorously that each plant develops into a magnificent circular bush from two to three feet in diameter. It is an immense yielder, the handsome large pods being well filled with very large beans, identical in size and luscious flavor with the well-known large Pole Limas. *Pkt., 10 cts.; pt., 25 cts., postpaid.*

CABBAGE, Early Summer—It makes large, solid, round flattened, compact heads, of excellent quality. It is particularly true in the color of the plant, which has a peculiar bluish tinge. *Pkt., 5c.; oz., 20c.*

CUCUMBER, Extra Early White Spine—This is a special strain of the Popular White Spine Cucumber, which is most desirable for its extreme earliness. *Pkt., 5 cts.; oz., 15 cts.*

CUCUMBER, London Long Green—This is an old-time popular garden favorite. Our carefully selected strain under favorable conditions, produces fruits averaging from 10 to 12 inches in length. Skin a deep rich green; flesh solid, crisp and of excellent quality. This extra selected strain of the original type can be depended upon to produce the true long dark-green fruits—excellent alike for slicing or pickling. *Pkt., 5 cts.; oz., 10 cts.*

CARROT, Chantenay, or Model—A very popular variety for general purposes; five to six inches long; very stump-rooted; about three inches thick at shoulder; tapering slightly; bright orange scarlet. *Pkt., 5 cts.; oz., 10 cts.*

CRESS, Fine Curled. (Pepper Grass)—Quick growing; leaves finely cut and feathery, like a good parsley; growth dwarf and compact; ornamental, crisp and pungent; very refreshing. *Pkt., 5 cts.; oz., 10 cts.*

CAULIFLOWER, Early Snowball—This is a popular extra early strain of dwarf compact growth. Under favorable circumstances nearly every plant will make a fine solid head of good size. It is valuable for both early and late. *Pkt., 15 cts.; ½ oz., \$1.00.*

CELERY, Golden Self-Blanching. *The best of all early "self-blanching" varieties*—It is of dwarf compact habit, with thick, solid, heavily ribbed stalks which blanch easily to a clear waxen yellow. When grown in rich moist soil the stalks are numerous, each plant being fully as thick through as the largest of the tall late sorts, and with a large solid heart of beautiful golden-yellow stalks and leaves. *Pkt., 10 cts.; oz., 45 cts.*

CORN, Black Mexican—A medium-early variety, growing about six feet in height, ears eight inches long, well-filled with eight rows of large, rather flat grains, which are a deep bluish purple of extremely sweet flavor. *Pkt., 10 cts., pt., 25 cts.; qt., 40 cts.*

CORN, Golden Bantam—Of extreme hardiness, can be planted earlier than any other true sweet corn, and will then produce the earliest supply of ears for the table. The ears are about six inches in length, completely filled with eight rows of golden-yellow grains, extending to the rounded tip. The flavor is exceptionally rich and sugary. *Pkt., 10 cts.; pt., 25 cts.; qt., 40 cts.*

Elmira, New York, April 13, 1908.

My Dear Miss Lippincott:

Your promptness in filling my last order, and the quality of your seeds, leads me to again send you my order. My Nasturtiums, last year, were the finest I have ever seen. Yours truly,

Elizabeth Ross Owen.

CORN, Early Cory—This popular extra early variety succeeds well where the summer is short, cool, and moist. Ears six inches in length, with eight rows of quite broad grains. The cob is red. *Per Pkt., 10 cts.; pint 25 cts., postpaid.*

CORN, Country Gentleman—This late or main-crop variety is the result of a cross of the *Ne Plus Ultra* with the *Stowell's Evergreen*, producing a larger ear than the former, but retaining its productiveness, similar *superb quality*, and irregular "shoe-peg" arrangement of the crowded, slender, deep grains. The ears, being so much larger than those of the original type, are more desirable as a market variety. *Per pkt. 10 cts.; pint 25 cts., postpaid.*

EGG PLANT, Improved New York, Large Purple—This is the very best type of this standard variety. Absolutely spineless; the plants grow low, stocky and branching; early and almost continuous bearer. The fruits are very large, smooth and have a rich satiny purple color. We make the most careful selection possible of our stock plants. *Pkt., 10 cts.; 1/2 oz., 20 cts.; oz., 30 cts.*

LETTUCE, Hanson—A fine, large-headed variety. Leaves curled on the edges; light yellowish green in color. The head is crisp and brittle, and flavor excellent. Is the very best house garden variety in existence, and much the finest variety of its class. *Pkt., 5 cts.; oz., 15 cts.*

LETTUCE, Early Curled Simpson—A loose-bunching sort, forming no definite head. Is crisp and tender; light green in color. Is very hardy and easy to grow. *Pkt., 5 cts.; oz., 15 cts.*

MUSKMELON, Osage—A salmon-fleshed variety. Skin dark green, slightly netted and ribbed. *Pkt., 5 cts.; oz., 10 cts.*

MUSKMELON, Extra Early Hackensack—An early variety with almost globular fruit, which is heavily ribbed and heavily netted. Flesh thick and light green. *Pkt., 5 cts.; oz., 15 cts.*

ONION, White Globe—A very handsome, silvery-white, ball-shaped Onion of large size. Flesh firm, fine grained, of mild flavor and an excellent keeper. Its even, regular size and globular form, combined with the clear silvery whiteness of the skin, make it one of the handsomest onions grown. Owing to its large size it is late in ripening. *Pkt., 10 cts.; oz., 35 cts.*

ONION, Large Red Globe—Perfectly globe-shaped, of large size, the outer skin is of an intensely deep dark blood red. They are splendid keepers. Our strain is extra fine,—absolutely unsurpassed. *Pkt., 10 cts.; oz. 25 cts.*

PARSNIP, Long Smooth or Hollow Crown—Tender, sugary, and considered the best for general cultivation. Parsnips are improved by remaining exposed to the frost. *Pkt., 5 cts.; oz., 10 cts.*

PARSLEY, Double Curled—Fine, dwarf, crimped leaves. *Pkt., 5 cts.; oz., 10 cts.*

PEPPER, Ruby King—A popular variety of the Bell or Bull Nose type. The fruit is large, glossy red, and the flavor is mild and sweet; a desirable variety for slicing and stuffing. *Pkt., 5 cts.; oz., 25 cts.*

PEPPER, Red Japan Cluster—This variety is very productive. The fruits are small, thin and very hot. *Pkt., 5 cts.; oz., 25 cts.*

PEAS, Telephone—Immensely productive and of the finest quality. Vines very strong, averaging 18 to 20 pods per stalk. The pods are of large size, containing 6 to 7 peas each, which are of a pale green color, and are closely packed in the pod, and of a most delicious flavor. A valuable feature of this variety is that it continues in bearing for an extremely long time; height 3 1/2 feet. *Pkt., 10 cts.; pt., 25 cts.; qt., 40 cts.*

PEAS, Burpee's Best Extra-Early—Equally as early as the choicest stock of *Alaska*, the peas are much better in flavor. The vines are quite slender, of very quick growth, and average 18 to 24 inches in height. The pods are well filled and the entire crop can be gathered generally in one picking. Undoubtedly the best of all *Extra Early Peas*! When planted exclusively, sowing should be made every week to insure a constant supply of fresh young pods. *Pkt., 10 cts.; pt., 25 cts.; qt., 40 cts.*

PEAS, American Wonder—Of extremely dwarf growth, only 8 to 10 inches high, this is nearly as early as *Alaska*. The pods are filled with luscious large wrinkled peas of first-class quality. *Per pkt., 10 cts.; pint 25 cts.; quart 40 cts., postpaid.*

Litchfield, Me., April 6, 1908.

Dear Miss Lippincott:

The seeds and plants you sent last year were very satisfactory. The Baby Rambler Rose and Clothilde Soupert have been much pleasure to me the past winter; scarcely without roses at any time. Wishing you prosperity, I am, Yours very truly,
Mrs. E. M. Walker.

PUMPKIN, Small Sugar—A handsome, prolific variety; fruits of all sizes; averaging about 10 inches in diameter, flattened or slightly ribbed; of excellent keeping qualities; skin deep orange yellow, flesh sweet. *Pkt., 5 cts.; oz., 10 cts.*

RADISH, Early Scarlet Turnip—A valuable variety for forcing or out-door culture, is a small turnip-shaped variety, and in color entirely crimson. *Pkt., 5 cts.; oz., 10 cts.*

RADISH, French Breakfast—Color, bright carmine, with clear white on the lower portion; very tender and mild. *Pkt., 5 cts.; oz., 10 cts.*

SALSIFY OR VEGETABLE OYSTER, Long White—The well-known standard. *Pkt., 5 cts.; oz., 10 cts.*

Salsify is one of the most delicious and nutritious of vegetables, and should be more generally cultivated for use in winter when the supply of real good vegetables is so limited. It has a grassy top and a long, white, tapering root, nearly resembling a slim parsnip. When properly cooked it resembles closely the taste and flavor of the oyster and is a good substitute for it; very wholesome and nutritious. The roots are either boiled, or mashed and made into delicious fritters.

SPINACH, Victoria—The foliage is heavy, the broad dark green leaves being of the true Savoy appearance and of the finest quality. It remains in prime condition from two to three weeks after all other varieties have run to seed. *Pkt., 5 cts.; oz., 10 cts.*

NEW ZEALAND, Tetragonia Expansa—This is *not* a spinach of the ordinary type, but a plant of branching growth. The stems and leaves are soft, thick, fleshy, and of a crystalline appearance. Started early in the spring, the plant will resist heat and make a strong growth during the summer. The young branches and leaves can be gathered at any time and prepared like spinach. *Pkt., 5 cts.; oz., 10 cts.*

SQUASH, Early White Bush Scalloped—The plants are of true bush growth, producing fruit ready for use very early in summer. *Pkt., 5 cts.; oz., 10 cts.*

SQUASH, Golden Summer Crookneck—Plants of true bush growth, very early fruiting and productive. The squashes are of the popular crookneck type, rich golden yellow, thickly warted. *Per pkt., 5 cts.; oz., 10 cts.*

TOMATO, Acme—A tall variety, medium early, bearing flattish, globe shaped fruit of a purplish-carmine color, and medium size. The fruit is smooth and uniform. *Pkt., 5 cts.; oz., 25 cts.*

TOMATO, Burpee's Matchless—The color is rich cardinal red. The skin is so tough that it is a *splendid keeper and shipper*, and is *less liable to crack in wet weather than any other tomato. Unsurpassed for market or the table.* The plant is a strong grower and is very productive, bearing with undiminished vigor until frost. The fruit is free from core, and the seed spaces are comparatively small. *Pkt., 10 cts.; oz., 40 cts.*

RUTA BAGAS, or "Swedish" Turnips—These Swedish or Russian Turnips require a longer season in which to grow than do the turnips, and with us the seed should be sown about the first to the middle of July to make large bulbs. The flesh is more solid and richer in flavor than that of the turnips, and they will keep in fine condition more readily during the winter months. *Pkt., 5 cts.; oz., 10 cts.*

TURNIP, Golden Ball, or Orange Jelly—Very tender and of fine flavor. *Pkt., 5 cts.; oz., 10 cts.*

TURNIP, White, Early, Flat Dutch—Strap-leaved. A medium sized, flat variety; clear white, early and of fine flavor. A fine table variety. *Pkt., 5 cts.; oz., 10 cts.*

WATERMELON, Fordhook Early—*Without a rival.* This is the *earliest large-fruited* melon in cultivation. These fruits are of good size, rather short and blocky in form, with large diameter. Skin dark green, occasionally with faint stripes of lighter green. Flesh bright red, crisp, sweet and of splendid quality. Rind quite thin, but skin tough. *Pkt., 5 cts.; oz., 10 cts.*

Ottawa, Kansas, January 21, 1908.

My Dear Miss Lippincott:

I believe you will be much gratified to know that I won first premium, last fall, at our County Fair, on my "Midnight" Nasturtiums, from the seeds I got from you.

Yours very truly, Mrs. S. G. Norris.

ROSES

The La France Set, 33 cents, postpaid.

Everyone knows the beauty and fragrance of the La France Roses, and in these and their companions, we offer a most popular collection and one that should be in every garden.

LA FRANCE—The old favorite. We have always given this the first place, the queen of all the roses. Accounts come to us from all quarters every year describing the great profusion of its bloom from June until frost, extolling its fragrance and immense size. It is of superb form and double as a rose can be. No variety can surpass it in delicate coloring, silvery-rose shaded with pink. It has a satin sheen over all its petals. It is universally regarded as the most useful of roses, for it is hardy beyond question. It blooms continuously. The flower is large, finely built, endures for a great length of time and is exquisitely colored, and fragrant in the highest degree. A rose of which one can never have too many.

DUCHESS OF ALBANY (Red La France)—A superb rose; resembles La France, but is much deeper in color, hence the name Red La France. It is a continuous and free bloomer, producing a great abundance of lovely buds and flowers all through the season; extra large, elegant in form, very double and full; remarkably fragrant; color brilliant rose pink, exquisitely shaded. It is recommended as one of the largest, sweetest and best roses for general planting in open ground or greenhouse culture.

CHAMPION OF THE WORLD—This is a free-blooming hardy rose of great merit, introduced only a few years since, but already become very popular. Flowers of large size; color a lovely clear deep pink. One of the best of all roses for outdoor cultivation.

PRINCESS BONNIE—Princess Bonnie is one of the loveliest of everblooming roses. Its color is indescribable. A richer, deeper crimson was never seen in a rose, while its fragrance is as subtle and delicate as that of La France. It is a profuse bloomer and as easy of cultivation as the most ordinary rose. Representing the *Best and Newest* productions of the Rose growers of *France, Germany, Ireland and America*. The colors are admirably assorted and the varieties of exceptional merit.

The "Wedding Bells" Collection, 28 cents, postpaid.

These superb everblooming Roses—White, Pink and Red. The finest of all for cut flowers.

THE BRIDE, White Tea Rose—This is decidedly the most beautiful white Tea Rose. The flowers are very large and double, and long stiff stems of fine texture and substance, and last a long time in a fresh state after being cut, making it one of the best varieties for corsage wear or bouquets. During extremely hot weather it becomes a pinkish white, at other times a pure white.

BRIDESMAID, Pink Tea Roses—Here we have a grand rose, a sport from that old stand-by, Catherine Mermet. The bud is of exquisite shape and contour, so solid and firm, and the stems are so long and stiff that no other rose will compare with it in keeping qualities after being cut. It is about two shades deeper in color—just enough to make it bright; same color all the time and under every condition of weather.

RICHMOND, The Everblooming Gen. Jacqueminot—This new Hybrid Tea Rose is one of the most valuable introductions of recent years. It is as free blooming as Bridesmaid or Golden Gate, and its scarlet-crimson flowers are borne on fine, long stems, which makes it especially valuable for cutting purposes. It comes to perfection without special care or culture. Has very nearly the same tone of color as "Liberty" with more scarlet, and does not blue with age. Produces freely throughout the year, long, pointed buds on tall, straight stems with elegant dark foliage. Has as delicious fragrance as American Beauty. This much talked of rose has been making splendid records wherever shown, was awarded the cup at the World's Fair, St. Louis; also by the Horticultural Society at Chicago. It is a foregone conclusion that Richmond, being so amenable to ordinary culture, will outclass any red rose hitherto introduced, and we believe that in a short time it will take the place of all other red roses.

 **NOTICE.**—No orders for Roses filled after June 1st. 

Miss C. H. Lippincott:

Dear Madam.—The last order for plants came to hand yesterday in good condition. I have purchased nearly a hundred roses from different places and those you sell at 10 cents are as large and well rooted as those sold by Eastern concerns at 20 and 25 cents.

Sincerely,

Rev. S. H. Shurtleff.

Five Royal Rambler Roses.

One of Each, All Different, for 50 cts. postpaid.

All are perfectly hardy and unequalled for porch ornamentation.

AGLAIA (Yellow Rambler)—The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below. The flowers are borne in clusters, after the same manner as the Crimson Rambler, and are a bright lemon-yellow, changing to creamy white.

CRIMSON RAMBLER—This wonderful climbing Rose, introduced some years ago, has made a record for itself unequalled by any other Rose. Every season it gains in popularity and it appears destined to remain at the head of the list of hardy climbing Roses. It is a vigorous grower, making shoots 10 to 20 feet in height in a single season, and when in bloom commands admiration by the gorgeous display of its crimson clusters of blossoms, each cluster a bouquet in itself. Upwards of 15,000 blossoms have been produced by a single plant. This marvelous prodigality is not unusual with it, as it succeeds everywhere. The blooms remain on the plant for a great length of time without losing their brightness; the foliage is also retained, to a great extent, during the winter, making the plant almost evergreen. It is perfectly hardy in all parts of the country.

HELENE—Buds, a beautiful crimson, turning to soft violet-rose, with base of petals yellowish white as flower opens. Strongly resembles the Crimson Rambler, blooming in immense clusters, which carry from 40 to 50 individual blossoms.

PHILADELPHIA RAMBLER—Pure deep crimson. Far brighter, more intense than the old Crimson Rambler, which has heretofore been the standard for brilliant color; does not fade, bleach or wash out but holds its color to the last. Undoubtedly the brightest and best of all hardy crimson climbing roses. Blooms two weeks earlier than the Crimson Rambler. Flowers $2\frac{1}{2}$ inches across and perfectly double, borne in large clusters, completely covering the bush.

THALIA (White Rambler)—This charming new rose of the Rambler variety is a wonder. It climbs rapidly, is entirely hardy; produces immense clusters of pure white roses; perfectly double, of delightful fragrance and of an immaculate white.

When an entire collection is not desired, selection of any of the varieties offered in this collection may be made at the following rates: 10 cts. each, three for 28 cts.

The "Triplets" Collection.

Three "Baby" Roses for 35 cts. postpaid.

BABY RAMBLER—Crimson, (Mme. Norbert Levassieur.) Price, 12 cts. each, postage paid.

BABY DOROTHY (Maman Levassieur.) This is a beautiful companion rose to the crimson Baby Rambler. It was originated by the same grower and is just as vigorous and free blooming. Practically the only difference is in the color of the flowers which are a very bright and pleasing rose-pink. It is much the color of that charming climbing rose, Dorothy Perkins, hence the appropriateness of the name, "Baby Dorothy." It is perfectly hardy and blooms without cessation from early spring until late in the fall. As a pink bedding rose it has no equal. We have counted as many as 100 blooms to the cluster on three year old plants. Price, 15 cts. each, postage paid.

WHITE BABY RAMBLER (true)—There are two other white polyantha roses which have been sold by some houses as White Baby Ramblers. They are good roses in their way but we think them hardly entitled to the name for the reason that they differ from the original Baby Rambler (crimson) in habit of growth and manner of blooming. To our idea, no rose should be dubbed a "Baby Rambler" unless it has the peculiar dwarf, compact growth and wonderful profusion of bloom which earned the first Baby Rambler its name. Our White Baby Rambler came from a prominent German rosarian and has identically the same habit of growth and freedom of bloom as the other two "Baby" roses. Price, 15 cts. each, postage paid.

SPECIAL—The "Triplets" Collection—35c postpaid

and the name and address of two of your friends who grow flowers, I will send, post-paid, the complete collection, one packet each of the ten varieties (enough for an ordinary garden). This is a BONA FIDE offer; made to introduce my flower seeds to new customers, and which I guarantee will please you, or the amount paid refunded and the seeds given as a present.

WILD FLOWER GARDEN

CHOICE MIXED SEEDS. A mixture of many varieties of beautiful, easy growing flowers, producing a constant and varied bloom the whole season, and is especially suited for those who wish only a few seeds each of the LEADING VARIETIES or a much more extensive collection than their means will permit. In no other manner can so many seeds be obtained for such a SMALL COST. The mixture is especially prepared from choice, fresh seeds, the colors and varieties being carefully proportioned, and will be found superior to any mixture offered. They are very useful for sowing alongside the garden fence, and on untidy bare spots of ground and cannot fail to GIVE SATISFACTION. Packet, 300 seeds, 5 cents; ounce, 15 cents.
